## Ready Engineer Program

Our Mechanical engineering department is conducting Tata Technology ready engineering program with the help of TATA Technology. This program is offered by the TATA Technology under their CSR activity towards the Society. This is the sixth consecutive year of the program. In this program students from the second year get selected on their interest basis to whom TTL enrolls. In this program students are offered with CATIA BIW domain and Plastic component design knowledge. Every Student gets his personal login credentials containing special courses for Soft skill training and Interview techniques. Based on every module TTL conducts online tests which are specially designed for testing the overall progress of the student. At the end of the program overall 100 marks evaluation is done and students who scores marks above 60 gets Ready engineer certification with chance to appear in the TATA groups all sister organization.

Dear Dr. Vanarotti,

Hope you are doing well.

With reference to the final assessment of Ready Engineer Advanced Automobile Design (2021-22 Batch) conducted last month for 3rd Year Engineering students (6th semester), sharing the result for your reference.

| College Name                                          | Enrolled | Appeared for Exam | Certified | Permitted | Failed/Absent | Students Completing all iGETIT Modules |
|-------------------------------------------------------|----------|-------------------|-----------|-----------|---------------|----------------------------------------|
| Sanjeevan Engineering & Technology Institute, Panhala | 14       | 10                | 4         | 2         | 4             | 6                                      |

### Suggestion for Ready Engineer Team:

- Focus on the attendance (Course + Exam) as count being too low
- Encourage students to complete all modules on iGETIT Platform as count being too low
- Conduct regular sessions
- To focus on increasing the Certified RE students as count being too low
