Subject: Invitation as Resource person for workshop-"Two Wheeler Maintenance"

Dear Sir,

Our Institute is established in 2009 in view to impart engineering education to under graduate students. Automobile engineering and six other courses are run by the institute.

We offer subjects such as Vehicle Dynamics and Vehicle Maintenance for final year students for which we are conducting a workshop on "Maintenance of Two Wheelers".

We would like to invite you as a resource person to share your knowledge on two wheeler Maintenance and address the final year students on 02/30/9/2016.

Thanking you,

Your's faithfully,

**A report on One Day Workshop on
"GENERAL MAINTENANCE OF TWO WHEELERS"
30TH SEPT., 2016.**

Objective: - The objective of the program was to make aware the students of Automobile Engineering about the technology used in two wheelers. More emphasis was given on training the students regarding the general maintenance of common two wheelers. The main objective was to inculcate the practical knowledge of two wheeler maintenance to Automobile Engineering students, with having a projection that the students should be able to carry out the periodic maintenance of at-least their own vehicle and pass on this knowledge to other students too.

Summary : The inauguration was commenced at 10:30 am with the dignitaries and experts as: Mr. V.A.Patankar (Resource person- Professor at New Polytechnic, Kolhapur and member of Kolhapur District Two Wheeler Mechanic Association, Kolhapur), Mr. Prashant Salunkhe (Mechanic, KD2MA), Dr. G.V.Mulgund (Principal, Sanjeevan Engineering and Technology Institute SETI), Prof. Mrs. T.T.Mohite-Patil (Academic Dean, SETI), Prof. S.L.Ghodake (Head of Department, Automobile Engg. Dept., SETI), Prof. A.P.Bhosale (Chief Coordinator & Asst. Prof. in Automobile Engg. Dept.), Prof. M.M.Bepari (Coordinator & Asst. Prof. in Automobile Engg. Dept.).

The main workshop was started after the inauguration and felicitation of the guests. The workshop was in association with "Kolhapur District Two Wheeler Mechanic Association, Kolhapur" with the main aim to impart the practical knowledge about two wheelers maintenance for the students. The Workshop was split into Two sessions. First the common session was conducted in

which common activities such as clutch dismantling-assembly, carburetor tune-up etc were explained and performed which was later followed by practical session which included the practical activities such as Brake, Chain and Clutch settings, engine oil drain and refill etc.

Some of the topics included are: Clutch dismantling-assembly, Carburetor tune-up, factors influencing the mileage of the two wheelers, periodic maintenance points and checklist, safe driving tips, Clutch Setting, Brake setting, Chain tension setting, battery check-up, valve setting, oil drain & refill, RR unit checkup etc.

At last the students were addressed by Prof. A.P.Bhosale and Principal Dr.G.V.Mulgund followed with vote of thanks.

We would like to extend our sincere thanks to Hon. Chairman P.R.Bhosale, Hon. Joint Secretary N.R.Bhosale, Dr. G.V.Mulgund (Principal, Sanjeevan Engineering and Technology Institute SETI), Prof. Mrs. T.T.Mohite-Patil (Academic Dean, SETI), Prof. S.L.Ghodake (Head of Department, Automobile Engg. Dept., SETI) on the behalf of Automobile Department for supporting us and permitting to conduct this workshop.

Dear Sir,

I would like to thank you for conducting workshop on "Basic of RCC design and concept". It was an honor for our institute to have you as one of the resource speaker.

We believe that the knowledge you have shared will help immensely in of design of R.C.C. structure and eventually translate student's attention towards R.C.C design and different design software's.

We know your time is precious and we are grateful that you shared some of it with us. We look forward to your support on future event.

Subject: Permission for arrange the workshop for student at our college.

Respected Sir,

I undersigned Mr. P. S. Landge working as assistant professor in computer science & engineering department. The "Parallel Computing" is a recent trends in computer science & engineering branch, there is need to gain the knowledge of such new technology. So that the department of computer science & engineering, make a plan for arrange the workshop on "Parallel Computing" for third & final year student of computer science & engineering department dated on 26/02/18 at our college.

The resource person of this workshop is Prof. K. B. Manwade (Associate Professor at AMGOI, Wathar) who has expert in parallel computing. For this workshop Rs.2000 is require for resource person remuneration, lunch, breakfast & student workshop attend certificate.

I request you to give me permission for arrange the student workshop.

Kindly consider my application.

Thanking You.

The Electrical Engineering Department of Sanjeevan Engineering and Technology Institute, Panhala organized a one week Student Development Programme (SDP) for TE (Electrical) on “**Electrical CAD**” during 2nd January to 6th January, 2018. The Programme was sanctioned by Under Lead collage activity.

The Programme was inaugurated by the Chief Guest Mr. Sunny Shaha (Admin, CAD Institute of Technology.), Hon’ble Principal of Sanjeevan Engineering and Technology Institute Prof. S. L. Ghodake, Prof. S. G. Arvindkumar Lead co-coordinator, Prof. P. P. Kulkarni HOD (Electrical), Prof. S. P. Jadhav HOD (Automobile), Prof. V. S. Mane HOD E&TC, Prof. A. M. Bhandare Workshop coordinator, Prof. D. R. Shelar workshop Co-coordinator, along with all faculty members.

For this FDP around 65 students’ members were present from various lead colleges like Sanjay Ghodawat Institute (SGI), Annasaheb Dange Collage of Engineering Ashta (ADCET), and Ashokrao Mane Group of Institute Vathar (AMGOI). The resource person Mr. Sunny Shaha delivered the session for five days. First Two days command on AUTOCAD Basics, drawing setting, Hatching, Gradient, scale setting, on also software based project etc. Another remaining three days drawn cross section of DC machine & their parts, cross section of AC machine & their parts & cross section of transformer & their parts respectively. This SDP is useful for machine design work and carrier development. Facility of tea for two times in a day was also provided by organizing committee. The entire programme is coordinated by Prof. A. M. Bhandare (Electrical Dept.).

One Week Course on PLC Programming + Automation

Title of Workshop :	" PLC Programming + Automation"
Duration :	17 th – 24 th August 2017.
Resource Persons :	Mr. Bahubali Patil, Mr. Pratik Ghorpade.
Convenor :	Prof. V. S. Mane, Prof. P. P. Kulkarni.
Co-ordinator :	Prof. S. T. Jadhav, Prof. V. T. Metkari.

Programme details:

Electronics and Telecommunication Engineering department organized a One Week course on "PLC Programming + Automation" from 17th – 24th August 2017 at Programming Laboratory, Sanjeevan Engineering & Technology Institute, Panhala.

The chief guest and first Resource person for the course was Mr. Bahubali Patil, Sr. Engineer, Microtech, Kolhapur.

The Second resource person was Mr. Pratik Ghorpade, Sr. Engineer Microtech, Kolhapur, along with Mr. Nitin Veer, Manager, Microtech, Kolhapur.

For this course 28 students from Electronics and Telecommunication and Electrical Engineering Departments were present from our college. This event was inaugurated by chief guest Mr. Bahubali Patil along with Dr. G. V. Mulgund, Principal, Prof. V. S. Mane, HOD, E & TC Dept. and Prof. P. P. Kulkarni, HOD, Electrical Engg. Dept. SETI, Panhala.

Our first Resource person Mr. Bahubali Patil delivered the session on fundamentals of PLC Programing, which skills are required to become an programmer. He encouraged the students to become a professional programmer by giving various interesting examples. He discussed the basic requirements of market and how to work on it.

Our second Resource person Mr. Pratik Ghorpade delivered the session on Automation, designing, installation and services of small, medium and large industries. How to provide solutions on various problems faced in different industries for various projects.

Students of both the different departments learned and enjoyed all the sessions enthusiastically. This programme will be useful for students as a first stage on the path of PLC Programmer. The programme was co-ordinated by Prof. S. T. Jadhav and Prof. V. T. Metkari along with all Departmental staff members.

One Day Workshop Report

Title of Workshop: Design and Implementation of Antenna

Date: 22nd August, 2017

Resource Person: Mr. Anirudha kulkarni & Team (Procom Enterprises, Kolhapur)

HOD: Prof. Vikas S. Mane.

Coordinators: Prof. P. U. Mohite, Prof. P.B. Shikalgar.

Workshop Details:

The department of Electronics & Telecommunication of IETE Kolhapur Sub-centre celebrated IETE foundation day. A one day workshop on “Design & Implementation of Antenna” was organized for all T.E. E&TC students on 22nd August, 2017 at Sanjeevan Engineering and Technology Institute, Panhala. The resource person for the workshop was Mr. Anirudha kulkarni & Team (Procom Enterprises, Kolhapur)

For this workshop 43 students were present from our college. For this event Prof. Vikas S. Mane HOD E&TC and all staff members were present. Resource person delivered one session on how to design a antenna and in the hands on session students implemented the designed antennas. These sessions boosted the knowledge of our students in Antenna system and were beneficial for their university curriculum. This workshop was co-ordinated by Prof. P. U. Mohite, Prof. P.B. Shikalgar. The vote of thanks was expressed by Prof. P. U. Mohite.

One Week Course on PLC Programming + Automation

Title of Workshop : " PLC Programming + Automation"
Duration : 17th – 24th August 2017.
Resource Persons : Mr. Bahubali Patil, Mr. Pratik Ghorpade.
Convenor : Prof. V. S. Mane
Co-ordinator : Prof. S. T. Jadhav.

Programme details:

Electronics and Telecommunication Engineering department organized a One Week course on "PLC Programming + Automation" from 17th – 24th August 2017 at Programming Laboratory, Sanjeevan Engineering & Technology Institute, Panhala.

The chief guest and first Resource person for the course was Mr. Bahubali Patil, Sr. Engineer, Microtech, Kolhapur.

The Second resource person was Mr. Pratik Ghorpade, Sr. Engineer Microtech, Kolhapur, along with Mr. Nitin Veer, Manager, Microtech, Kolhapur.

For this course 28 students from Electronics and Telecommunication and Electrical Engineering Departments were present from our college. This event was inaugurated by chief guest Mr. Bahubali Patil along with Dr. G. V. Mulgund, Principal, Prof. V. S. Mane, HOD, E & TC Dept. and Prof. P. P. Kulkarni, HOD, Electrical Engg. Dept. SETI, Panhala.

Our first Resource person Mr. Bahubali Patil delivered the session on fundamentals of PLC Programing, which skills are required to become an programmer. He encouraged the students to become a professional programmer by giving various interesting examples. He discussed the basic requirements of market and how to work on it.

Our second Resource person Mr. Pratik Ghorpade delivered the session on Automation, designing, installation and services of small, medium and large industries. How to provide solutions on various problems faced in different industries for various projects.

Students of both the different departments learned and enjoyed all the sessions enthusiastically. This programme will be useful for students as a first stage on the path of PLC Programmer. The programme was co-ordinated by Prof. S. T. Jadhav along with all Departmental staff members.

The vote of thanks expressed by Prof. S. T. Jadhav.

Memorandum of Understanding (MOU)
between
**SANJEEVAN ENGINEERING & TECHNOLOGY
INSTITUTE, PANCHALA.**
and
Tata Technologies Limited
Date: January 21, 2016

TATA TECHNOLOGIES

Sanjeevan Engineering & Technology Institute, Panchala, (hereinafter referred to as **SETI**), is a college of Engineering and Technology, having its campus at Sanjeevan Knowledge City, A/P - Somwar Peth - Injole, Panchala, Tal. Panchala Kolhapur, Maharashtra, India-416 201

And

Tata Technologies Limited (hereinafter referred to as "**Tata Technologies**") is a company registered under the Indian Companies Act, 1956 and has among other businesses, in the business of providing products and services to OEM and Engineering Sectors in the area of Automotive and Aerospace, having its registered office at 25, Rajiv Gandhi Infotech Park, Pune - 411 057.

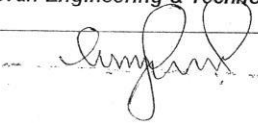

In the course of this MOU both parties to the MOU mentioned above have been individually referred to as "Party" and jointly as "Parties".

Objective and Terms

1. Tata Technologies under aegis of the Corporate Sustainability Program (CSP) has identified the need for imparting quality training in the "Design Engineering" domain to 3rd and 4th year Mechanical Engineering Students of **SETI**. The main intent behind this initiative is to better equip young engineers to increase awareness and industry connect. The Parties intend to enter in to this MOU to provide a frame work evaluating the area of collaboration between them and establish certain rights and obligations between the Parties during such evaluation. Tata Technologies plans to roll out this e-learning program as a pilot project in **SETI**.
2. This MOU further establishes an understanding between the Parties to do a pilot test for conducting a Design Engineering training for 3rd & 4th year Mechanical Engineering students ("Students") of **SETI** using methods and aids generally associated with distance learning. This training is being planned for the first time by Tata Technologies and is currently being conceptualised by Tata Technologies' employees who are experienced in Design Engineering. This program is being planned as part of the Tata Technologies very successful "**Ready Engineer Program**" under the aegis of its Corporate Sustainability. The program for purposes of this agreement will be referred to a "**Distance Ready Engineer**" or "**DRE**" hereinafter.
3. DRE is a voluntary initiative and Tata Technologies will design a course for the entire training. Tata Technologies' experts and experienced Design Engineering specialists will create an e-learning module hosted on iGET IT or a platform (as decided by Tata Technologies at that point of time) which will be licensed for use to selected engineering students of **SETI**.

4. The proposed methodology for the program will be decided by Tata Technologies in due course of time in consultation with its own consultants and SFTI. The terms and conditions of the license to use the program will be provided by Tata Technologies in due course as may be required. All Intellectual Property Rights generated under this program will solely belong to Tata Technologies.
5. The training may require tests to be conducted on a regular intervals during the entire course of DRE to evaluate the students' performance and based on the results, necessary guidance will be given to the students by the SETI Professors (who have undergone the 'DRE Train the Professors Workshop') so as to achieve a satisfactory status.
6. SETI commits to make available the students, professors, training rooms and licensed CATIA V5 software on work stations during the course of the of the DRE program as may be required. This is necessary for a successful implementation and completion of the DRE program.
7. Tata Technologies may charge some nominal fees for the training as agreed between the Parties. The nominal fee obtained from through this course will be utilised for corporate sustainability programs.
8. Tata Technologies may hire the trained students and will have the 1st right of refusal for selection after these students complete their graduation which would mean that Tata Technologies may be the first company to interview these Students.
9. Proprietary information disclosed by Tata Technologies in the course of discussions and training under this MOU shall be kept highly confidential. SETI shall not use Tata Technologies' name or its trademarks or make any reference to the MOU or the DRE program in any manner of publicity without Tata Technologies' prior written consent.
10. Parties are aware that the business activities of Tata Technologies are self-regulated by the "Tata Code of Conduct" which is incorporated by reference herein. It can be accessed and downloaded from <http://www.tatatechnologies.com>.
11. This MOU is effective from the date of signing and will remain valid unless terminated by either Party, upon thirty (30) days written notice to the other Party.
12. This MOU shall be construed, and the legal relations between the Parties hereto shall be determined, in accordance with the substantive laws of India. The parties shall refer their disputes to the exclusive jurisdiction of the Courts at Pune, India.
13. Neither this MOU nor any negotiations or other understandings prior or pursuant to the execution of the MOU shall constitute a binding and legally enforceable MOU, nor give rise to any liability, between the Parties.

The Parties have caused their respective duly authorized representatives to execute and deliver this Agreement on the date mentioned herein above.

Subject- Regarding permission for Vocational training program of Distance Ready Engineer.

Respected Sir,

As cited in the above subject our department wants to conduct vocational training on Distance Ready Engineer by TATA technologies for Mechanical Engineering Students to gain knowledge of fundamentals of Engineering Design, Analysis & Manufacturing with hands-on training in CATIA V5. It is scheduled on working Saturdays from 08/07/2017 to 14/10/2017.

Kindly permit us for the conduction of the same.

Thanking you.

Assistant Professor,
Department Of Mechanical Engineering,
SETI, Panhala.
District-Kolhapur.

Subject- Invitation as a resource person for Vocational Training Programme on CATIA V5.

Dear Sir,

Our institute is established in 2009 in a view to impart engineering education to under graduate and post graduate students. Mechanical Engineering is one of the six courses run by the institute for under graduate students.

We wish to arrange a Vocational Training Programme on working Saturday's for our students. This program will be helpful for the students to gain technical knowledge of engineering design, analysis & manufacturing with hands on training in CATIA-V5.

We would like to invite you as an Expert faculty to deliver your knowledge in the above mentioned field and address our students.

Thanking you.

Yours faithfully,

Head
Mechanical Engineering

**Subject: Invitation for one week short term training programme (STTP) on
"Computational Methods for Engineering Applications (CMEA 2016)"**

Respected Sir,

On behalf of our institute, we are very pleased to have the honor of inviting you to our institute for one week STTP on "Computational Methods for Engineering Applications (CMEA 2016)". We have organizing the workshop for all the Faculty members from various Engineering Institutes along with students during 27th To 31st December 2016. We expect you to share your knowledge of Finite Element Analysis and Computational Fluid Dynamics on 31st Dec. 2016.

Please accept our invitation and give your auspicious presence for the same.

Thanking you.

Yours Faithfully,

Prof.S.T.Ghodake

About the Institution

Sanjeevan Engineering and Technology Institute (SETI) is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur. Sanjeevan Engineering & Technology Institute (SETI) is long cherished dream of Founder-Chairman Mr. P. R. BHOSALE, an educationalist having experience about two decades. His aim is to impart quality education to the students from nook and corner of the country.

Holy-wood Academy, Kolhapur known as Sanjeevan Knowledge City, Panhala, has the wings : Sanjeevan Public School, Sanjeevan Vidyamketan, Chhatrapati Shivaji Junior College and Sanjeevan Engineering & Technology Institute (SETI).

SETI established in 2009, within shortest period of time, it has evolved into an institution imparting quality in technical education at undergraduate level. It has 6 UG & 2 PG, 2 Diploma departments about 96 talented, experienced and dedicated faculty and over 1500 students and several centers of excellence. SETI has an excellent ambience of library with digital mode and online journals, advanced Core-2 Duo Computer Lab and language lab, Wi-Fi Campus, modern approach and necessary equipments in laboratories, hospital, gymnasium, swimming pool, and outdoor stadium, bus facility for students and faculty from Kolhapur.

About the STTP theme

Now a days, FEA and CFD basic knowledge and software has become very essential tools for engineering professionals as well as scientists/researchers to develop simulation models, to perform analysis, for optimization & decision making. Knowledge of using modeling packages like AutoCAD, Pro/E, SolidWorks, CATIA etc. is not sufficient. Engineering professionals, scientists and researchers are also expected to know, how to control the solution of the problems and customizing it as per the requirement. Many times data exchange between different software packages has become necessary to utilize expertise of different software packages & requires a neutral software tool like ANSYS, LS Dyna, Fluent etc to take the input from software, perform computations & also, output the results to another software package. FEA and CFD are excellent tools for visualisation, manipulation & interpretation of engineering data as well as performing various real life problems computations.

The workshop information brochure can be download from our website www.seti.edu.in

Who should attend

Faculty members/research scholars from academic Institutes and Scientists/Engineers working in Private/Public/Government Organizations/Industries, Research & Development establishments etc. can attend the workshop. As the training program is of interdisciplinary in nature, students of disciplines like Mechanical Automobile, etc. are encouraged to participate. This workshop will provide preliminary and advanced knowledge about the use and application of FEA/CFD with real time problems and their solutions. All sessions are designed in such way that participants of various disciplines and with or without knowledge of FEA/CFD software can use it effectively.

Course contents

- Introduction to computational methods and it's applications
- Overview of different computational methods
- Application and importance of computational / Numerical analysis in real world design
- Introduction of CFD
- Applications of CFD
- Basic Governing Equations used in CFD
- General procedure to solve problems in any CFD software
- Hands on Fluid flow and Heat Transfer problems in Fluent Software.
- Introduction/ Overview of basic fundamentals of FEA and advanced FEA
- Modeling and analysis of real life problems in structural, thermal etc
- Hands on training with ANSYS
- Case studies on various 1D, 2D and 3D problem
- Application of FEA /CFD in real world design – Gas Turbine Engine Design
- Aviation Perspective in FEA / CFD

After successfully completed this STTP, participants are able:

1. To perform analysis, for optimization and decision making for real life engineering problems using advanced design tools like FEA and CFD software.
2. To control the solution of the problems & customizing it as per the requirement with best feasible balance between computation time and accuracy of the solution.

One Day workshop report on ABAQUS Date 17/02/2017

In today's computer aided product development and manufacturing environment designers and engineers are using wide range of software tools to design and simulate their product. ABAQUS provide simple and easy way to perform simulation process.

Program Objective	This program was to focus and enhance skill of Automobile engineering students in analysis field. Also to learn key features, simulation and optimization process using ABAQUS.
17 Feb 2017	<p>The inauguration function commenced at 11:45.00 am. Mr. Vighnesh Patil, Business Development (EDS Technology) and Vighnesh Naidu, Application specialist (EDS Technology) were chief guest for the program. Prof. S. L. Ghodake , head of Automobile engineering has felicitated the guest.</p>  <p>First session started by Mr. Vighnesh Patil. In this, he talked on recent development in software technology and market trend. He also explained importance of software awareness for job opportunity.</p>

About the Institution

Sanjeevan Engineering and Technology Institute (SETI) is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur. Sanjeevan Engineering & Technology Institute (SETI) is long cherished dream of Founder-Chairman Mr. P. R. BHOSALE, an educationalist having experience about two decades. His aim is to impart quality education to the students from nook and corner of the country.

Holy-wood Academy, Kolhapur known as Sanjeevan Knowledge City, Panhala, has the wings : Sanjeevan Public School, Sanjeevan Vidyaniketan, Chhatrapati Shivaji Junior College and Sanjeevan Engineering & Technology Institute (SETI).

SETI established in 2009, within shortest period of time, it has evolved into an institution imparting quality in technical education at undergraduate level. It has 6 UG & 2 PG departments about 96 talented, experienced and dedicated faculty and over 1500 students and several centers of excellence. SETI has an excellent ambience of library with digital mode and online journals, advanced Core-2 Duo Computer Lab and language lab, WI-Fi Campus, modern approach and necessary equipments in laboratories, hospital, gymnasium, swimming pool, and outdoor stadium, bus facility for students and faculty from Kolhapur and 100% concession fees to university toppers and 50% concession fees for class toppers.

Institute Location

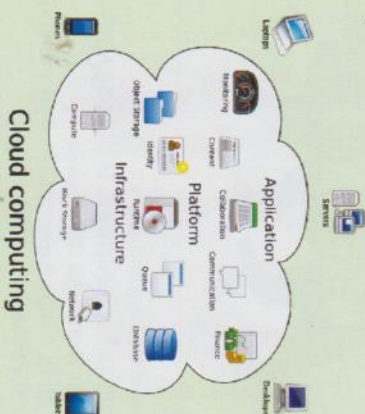

Institute is located in Western Maharashtra near foothills of fort PANCHALA FORT (near Teen-Darvaja), a historical place and famous Hill Station. Panhala is 21 kms. away from Kolhapur City and is one of the most charming and scenic hill stations in Maharashtra. Its

refreshing and scintillating natural beauty attracts tourists from every nook and corner of the world. Panhala is gifted with unmatched beauty in the world. Its pristine hills, beautiful valleys, eye-catching monuments of bygone era are still untouched, pure and safe. Nature is always at its best, which make tourists visit this place as the mercury level rises up.

About SDP Theme

The goal of the course is to provide essential and practical knowledge of the key area of cloud computing and its application. Cloud computing is a new technology becoming an emerging platform for both the industrial and scientific community. According to global information cloud computing traffic will increase 12 fold from 130 Exabyte's to reach a total of 1.6 zettabytes annually by 2016.

Cloud is fastest growing component of data center traffic, growing to more than 33 percent of the total by 2016. This course aims to bring teaching, learning, experimenting, researching and practicing communities together and provide a platform for imparting, sharing and experimenting various developments in cloud computing. It also focuses on understanding the upcoming challenges with the possible direction to identify solution.

Two days workshop on
“Brain Wave Control Robot”

Title of Workshop: Brain Wave Control Robot

Date: 09th February – 10th February, 2017

Resource Person: Mr. Mukesh Choudhari , ROBOKART Mumbai

HOD: Prof. Vikas S. Mane.

Coordinators: Prof. S. N. Shinde , Prof. Ms. P. Y. Bhosale

Workshop Details:

Two days workshop on “Brain Wave Control Robot” organized by department of Electronics & Telecommunication during 09th February – 10th February, 2017 at Sanjeevan Engineering and Technology Institute, Panhala in association with ROBOKART Mumbai. The Programme was inaugurated by the Chief Guest Mr. Mukesh Choudhari (Trainee Engineer), Prof. Mr. V. S. Mane HOD E&TC, along with all faculty members. For this workshop around 30 students were present from various collages affiliated with SUK & VTU Belagavi. Resource person Mr. Mukesh Choudhari delivered the session for two days on basics of Robotics with designing & programming, with hands-on sessions. This workshop is useful for students for their creative and innovative ideas in the field of robotics. The whole programmed is coordinated by Prof. S. N. Shinde (E&TC Dept.) and Prof. Ms. P. Y. Bhosale (E&TC Dept.)

पन्हाळा

यंत्राचा वापर करून मानव जात आपले जीवन सुखमय बनवत आहे. म्हणून तंत्रज्ञानामध्ये क्रांती घडवण्यासाठी नवीन तंत्रज्ञान आत्मसात करून ते अभियांत्रिकी विद्यार्थ्यांना शिकवणे ही काळाची गरज आहे, असे प्रतिपादन रोबोकार्ट मुंबई या कंपनीचे टेनी इंजिनिअर मुकेश चौधरी यांनी केले.

पन्हाळा येथील संजीवन अभियांत्रिकी महाविद्यालयाच्या 'ब्रेन वेव्ह कंट्रोल रोबोट' या कार्य शाळेची सांगता झाली. यावेळी ते बोलत होते. इलेक्ट्रॉनिक्स अँड

पन्हाळा : संजीवन अभियांत्रिकी महाविद्यालयाच्या कार्यशाळेच्या समारोप प्रसंगी प्रा. पूनम शिंदे व प्रा. सुरज शिंदे.

टेलिकम्युनिकेशन विभागाचे विभाग प्रमुख प्रा. विकास माने यांनी मनोगत व्यक्त केले. या कार्यशाळेचे

आयोजन इलेक्ट्रॉनिक्स अँड टेलिकम्युनिकेशन, इलेक्ट्रिकल व मेकॅनिकल अभियांत्रिकी विभागाच्या

विद्यार्थ्यांसाठी करण्यात आले होते. प्रा. पूनम भोसले व प्रा. सुरज शिंदे हे समन्वयक असलेल्या या दोन दिवसांच्या कार्यशाळेचा लाभ विद्यार्थ्यांनी घेतला.

या कार्यशाळेस शिवाजी विद्यापीठ संलग्न असलेले संजय घोडावत इन्स्टिट्यूट, अतिथी व के. आय. टी. कॉलेज ऑफ इंजिनीअरिंग कोल्हापूर तसेच व्ही. टी. यू. विद्यापीठाच्या जी. आय. टी. बेळगाव महाविद्यालयाचे विद्यार्थी उपस्थित होते. कार्यशाळेस संस्थेचे चेअरमन पी. आर. भोसले व सहसचिव एन. आर. भोसले यांचे सहकार्य लाभले.

Dear Sir,

We would like to extend our warm thanks to you for conducting two days workshop on **"Brain Wave Control Robot"**.

The information presented by you has boosted our student's knowledge in robotics and will be beneficial for their final year projects and in the field of robotics.

We sincerely thank for the support and the valuable time given by you and we hope that you would continue to extend your support in our future initiatives as well.

Thanking You,

Yours Faithfully,

Title of Workshop: Design and Implementation of Antenna

Date: 24th September, 2016

Resource Person: Mr. Anirudha kulkarni & Team (Procom Enterprises, Kolhapur)

HOD: Prof. Vikas S. Mane.

Coordinators: Prof. P. U. Mohite, Prof. P.B. Shikalgar.

Workshop Details:

The department of Electronics & Telecommunication of IETE Kolhapur Sub-centre celebrated IETE foundation day. A one day workshop on "Design & Implementation of Antenna" was organized for all T.E. E&TC students on 24th September, 2016 at Sanjeevan Engineering and Technology Institute, Panhala. The resource person for the workshop was Mr. Anirudha kulkarni & Team (Procom Enterprises, Kolhapur)

For this workshop 43 students were present from our college. For this event Prof. Vikas S. Mane HOD E&TC and all staff members were present. Resource person delivered one session on how to design a antenna and in the hands on session students implemented the designed antennas. These sessions boosted the knowledge of our students in Antenna system and were beneficial for their university curriculum. This workshop was co-ordinated by Prof. P. U. Mohite, Prof. P.B. Shikalgar. The vote of thanks was expressed by Prof. P. U. Mohite.

Subject: Invitation for one Day Workshop on “**Design & Implementation of Antennas**”

Respected Sir,

On behalf of our institute, we are very pleased to have the honor of inviting you to our institute for workshop. We expect you to conduct a workshop on **Design & Implementation of Antennas**.

We have arranged the workshop for all the Third year Electronics & Telecommunication students dated on 24th September, 2016.

Please accept our invitation and give you auspicious presence for the same.

Thanking you.

Assistant Professor,
Department Of Mechanical Engineering,
SETI, Panhala.
District-Kolhapur.

Subject- Invitation as a resource person for Vocational Training Programme on CNC programming and machining.

Dear Sir,

Our institute is established in 2009 in a view to impart engineering education to under graduate and post graduate students. Mechanical Engineering is one of the six courses run by the institute for under graduate students.

We wish to arrange a Vocational Training Programme on working Saturday's for our students. This program will be helpful for the students to gain technical knowledge and also from there carrier point of view.

We would like to invite you as an Expert faculty to deliver your knowledge in the above mentioned field and address our students.

Thanking you.

Yours faithfully,

Head

Dear Sir,

We would like to extend our sincere thanks to you for delivering Lectures on CNC Programming and Machining. We are glad to say that the response from the students was enthusiastic. The information presented by you is beneficial to our student for their technical knowledge enhancement and future career.

We genuinely thank you once again for the support and time given by you and we sincerely hope that you would continue to extend your valuable support in our future initiatives as well.

Thanking you.

GIS Workshop Note

Workshop Name: One-Week Workshop on "Geo-Information and Geo-Design"

Dates of Workshop:

2nd Feb to 9th Feb 2016

Attendees:

1. P.G. Students and research scholars
2. Faculty from various disciplines (Geography, Geology, Engineering etc.)
3. Industry experts from various domains
4. Entrepreneurs interested in Geospatial technology and its implementation

Summary:

Theory of Geo-Information and Geo-Design is derived in the twentieth century. In past few years, momentum has gained towards standardizing its framework.

Geo-Design is undoubtedly the new way to design our future yet it has been proceeding since many years. It amalgamates various silos of human development phases like Planning, Design and Analysis into a single yet powerful system enhancing sustainability in design. With the progress of data collection, data availability, technology, analysis capabilities and visualization, Geo-Design holds the capacity to achieve a balance between human development and nature.

This workshop will investigate the concept, framework and components of GIS, Remote Sensing and Geo-Design. It will focus to bring various domains together with Geo-Information Technology using Geo-Design as the way to move ahead.

Objectives:

1. Introduce faculty and industrial persons with theory and practical concepts of GIS, GPS and Remote Sensing technologies.
2. Showcase of projects, which have successfully applied the concepts of Geo-Information to solve real life problems.
3. Enhance inter disciplinary interaction (Geography, Geotechnical, Planning, Water Resource Engineering, Transportation etc.) towards Geo-Design.
4. Brainstorm into new application areas within Geo-Information and Geo-Design for future projects.

Contents of Workshop:

1. Theoretical understanding of Photogrammetry and Remote Sensing, its types and field applications.
2. Terminology, advantages, basic components of GIS, GIS analysis and applications of GIS software in various fields.
3. The concept, framework and components of Geo-Design.

4. Application of Geo-Design and 3D modeling in transportation network analysis, visualization and interactive reporting.

Resource Persons:

- **Dr. A.S. Yadav**, Associate Professor, Civil Engineering Department, JJMCOE, Jaysingpur
- **Mr. P.K. Deshpande**, Assist. Professor, Civil Engineering Department, Govt. College of Engineering, Karad
- **Mr. Prasad Lingam**, GIS Analyst, MWH Global, Pune

Coordinators:

Mr. A.K. Khebudkar
Mr. H.D. Bhosale

Organizing Committee:

1. Finance Committee: Mr. S.M. Shinde, *A.C. Thoke.*
2. Registration Committee: Mr. A.N. Dhende, *Gavade Sir, Momin Madam.*
3. Inaugural and valedictory function Committee: Mr. M.H. Momin, *S.S. Chavhan.*
4. Hospitality Committee: Mr. J.S. Mevekari, *Agnihotri Sir.*
5. Technical Committee: *S.S. Chavhan; S.M. Birajdar.*

Programme Schedule:

2 nd Feb 2016	3 rd Feb 2016	4 th Feb 2016
Registration & Breakfast (9.15 to 10.15 a.m.)	Breakfast (9.30 to 10 a.m.)	Breakfast (9.30 to 10 a.m.)
Inauguration function (10.30 to 11 a.m.)	Concepts and field application of GIS (10 to 1 p.m.)	Application of Geo-Design and 3D modeling (10 to 1 p.m.)
Concept of Photogrammetry and Remote Sensing (11 to 1 p.m.)	Lunch Break (1 to 2 p.m.)	Lunch Break (1 to 2 p.m.)
Lunch Break (1 to 2 p.m.)	Concept & components of Geo-Design (2 to 4 p.m.)	Valedictory function (2 to 4 p.m.)
Application of Remote Sensing (2 to 4 p.m.)

Report
On
PCB – Design

The Department of Electrical Engineering, SETI Panhala, has conducted two days workshop on PCB-Design for B.E. electrical students.

For this workshop we invited Mr. Sumit Kamble, M.D., S. K. Electronics. He has conducted following points in workshop

- 1) PCB Design using OrCAD
- 2) Schematic Drawing in Capture
- 3) Assigning Footprint's to Component
- 4) Preparing Net list
- 5) Layout Making
- 6) Layout Printing on Copper Clad
- 7) Drilling etc.

This workshop has helped students to boost their confidence in PCB-Design.

Title of Seminar: Software application 'CATIA' for Electrical Machine Design

Duration: 03 & 04 March, 2016

Resource Person: Prof. Mr. V. H. Deokar sir & Prof. Mr. A. T. Bhosale sir
(Dept. of Mechanical Engg. SETI, Panhala)

HOD: Prof. P. P. Kulkarni.

Coordinators: Prof. D. R. Shelar.

Workshop Details:

The department of Electrical Engg. of SETI, Panhala. organized one day workshop under Student Development Programme on “**Application of soft. 'CATIA' for Electrical Machine Design**” on 03rd & 04th March, 2016 at SETI, Panhala. resource person for the seminar was Prof. Mr. V. H. Deokar sir & Prof. Mr. A. T. Bhosale sir (Dept. of Mechanical Engg. SETI, Panhala). Both faculty conduct smooth session for part design in CATIA

For this lecture 54 students of TE Electrical are present. The lecture includes following points.

- a) Design of three phase core type transformer
- b) Design of rotating electrical machine part

The session was so good that students were encouraged for enriching the software skill.

The resource person is very kind and helpful. The lecture make following co-po mapping and helpful for getting objectives.

CO-PO:- 1:A,B 2:A

This workshop will very useful for resume straightening of students, as wel as it will be useful for our students for their research work and carrier development.

This seminar was co-ordinated by Prof. D.R. Shelar

Subject- Regarding permission for Vocational training program of CNC Programming & Machining.

Respected Sir,

As cited in the above subject our department wants to conduct vocational training on CNC Programming & Machining for Mechanical Engineering Students. It is scheduled on working Saturdays from 09/01/2016 to 26/03/2016.

Kindly permit us for the conduction of the same.

Thanking you.

Yours sincerely

Subject- Invitation as a resource person for Vocational Training Programme on CNC programming and machining.

Dear Sir,

Our institute is established in 2009 in a view to impart engineering education to under graduate and post graduate students. Mechanical Engineering is one of the six courses run by the institute for under graduate students.

We wish to arrange a Vocational Training Programme on working Saturday's for our students. This program will be helpful for the students to gain technical knowledge and also from there carrier point of view.

We would like to invite you as an Expert faculty to deliver your knowledge in the above mentioned field and address our students.

Thanking you.

Yours faithfully,

1. Tata Technologies under aegis of the Corporate Sustainability Program (CSP) has identified the need for imparting quality training in the "Design Engineering" domain to 3rd and 4th year Mechanical Engineering Students of SETI. The main intent behind this initiative is to better equip young engineers to increase awareness and industry connect. The Parties intend to enter in to this MOU to provide a frame work evaluating the area of collaboration between them and establish certain rights and obligations between the Parties during such evaluation. Tata Technologies plans to roll out this e-learning program as a pilot project in SETI.
2. This MOU further establishes an understanding between the Parties to do a pilot test for conducting a Design Engineering training for 3rd & 4th year Mechanical Engineering students ("Students") of SETI using methods and aids generally associated with distance learning. This training is being planned for the first time by Tata Technologies and is currently being conceptualised by Tata Technologies' employees who are experienced in Design Engineering. This program is being planned as part of the Tata Technologies very successful "**Ready Engineer Program**" under the aegis of its Corporate Sustainability. The program for purposes of this agreement will be referred to a "**Distance Ready Engineer**" or "**DRE**" hereinafter.
3. DRE is a voluntary initiative and Tata Technologies will design a course for the entire training. Tata Technologies' experts and experienced Design Engineering specialists will create an e-learning module hosted on iGET IT or a platform (as decided by Tata Technologies at that point of time) which will be licensed for use to selected engineering students of SETI.

4. The proposed methodology for the program will be decided by Tata Technologies in due course of time in consultation with its own consultants and SETI. The terms and conditions of the license to use the program will be provided by Tata Technologies in due course as may be required. All Intellectual Property Rights generated under this program will solely belong to Tata Technologies.
5. The training may require tests to be conducted on a regular intervals during the entire course of DRE to evaluate the students' performance and based on the results, necessary guidance will be given to the students by the SETI Professors (who have undergone the 'DRE Train the Professors Workshop') so as to achieve a satisfactory status.
6. SETI commits to make available the students, professors, training rooms and licensed CATIA V5 software on work stations during the course of the of the DRE program as may be required. This is necessary for a successful implementation and completion of the DRE program.
7. Tata Technologies may charge some nominal fees for the training as agreed between the Parties. The nominal fee obtained from through this course will be utilised for corporate sustainability programs.
8. Tata Technologies may hire the trained students and will have the 1st right of refusal for selection after these students complete their graduation which would mean that Tata Technologies may be the first company to interview these Students.
9. Proprietary information disclosed by Tata Technologies in the course of discussions and training under this MOU shall be kept highly confidential. SETI shall not use Tata Technologies' name or its trademarks or make any reference to the MOU or the DRE program in any manner of publicity without Tata Technologies' prior written consent.
10. Parties are aware that the business activities of Tata Technologies are self-regulated by the "Tata Code of Conduct" which is incorporated by reference herein. It can be accessed and downloaded from <http://www.tatatechnologies.com>.
11. This MOU is effective from the date of signing and will remain valid unless terminated by either Party, upon thirty (30) days written notice to the other Party.
12. This MOU shall be construed, and the legal relations between the Parties hereto shall be determined, in accordance with the substantive laws of India. The parties shall refer their disputes to the exclusive jurisdiction of the Courts at Pune, India.
13. Neither this MOU nor any negotiations or other understandings prior or pursuant to the execution of the MOU shall constitute a binding and legally enforceable MOU, nor give rise to any liability, between the Parties.

The Parties have caused their respective duly authorized representatives to execute and deliver this Agreement on the date mentioned herein above.

Prof. Vinay H. Deokar,
Assistant Professor,
Department Of Mechanical Engineering,
SETI, Panhala.
District-Kolhapur.

Subject- Invitation as a resource person for Vocational Training Programme on CATIA V5.

Dear Sir,

Our institute is established in 2009, in a view to impart engineering education to under graduate and post graduate students. Mechanical Engineering is one of the six courses run by the institute for under graduate students.

We wish to arrange a Vocational Training Programme on working Saturday's for our students. This program will be helpful for the students to gain technical knowledge and also from there carrier point of view.

We would like to invite you as an Expert faculty to deliver your knowledge in the above mentioned field and address our students.

Thanking you.

Yours faithfully,

**Head
Mechanical Engineering**

01	KadKomp Solution, Pune	Design Engineer	August 2007 To June 2009	02

Academic Responsibilities Handled-

- 1) Working as HOD Mechanical since 8/2/2018 to till date.
- 2) Working for TTL ready engineer certified course conduction since last 2 years.
- 3) Working as Alumni coordinator since last three years.
- 4) Working as ESA lab in-charge in SETI, Panhala.
- 5) Worked as Cultural Coordinator for three years.

Lab Developments -

- 1) Established ESA and Vibration Lab in SETI Panhala.
- 2) Established and handled Computer lab in SETI Panhala.

Projects Guided –

- 1) Under Graduate - 8 Projects
- 2)

Faculty Development programs attended – 03

1	STTP on “Recent trends in Manufacturing”	One Week 2 nd - 6 th January 2017	Approved By ISTE At SETI, Panhala
2	STTP on “ Computational Methods for engineering applications”	27 th – 31 st December 2016	Approved By ISTE At SETI, Panhala
3	FDP on “Introduction to outcome based education”	02 Days 4 – 5 th June 2014	Under lead college SETI , Panhala

Workshops Attended - 04

Sr No	Details Of work shop	Duration	Organization Details
1	Intellectual property y right	01 Day	SETI, Panhala
2	Emerging learning in thin sheet metal joining	02 Days 5 - 6 October 2015	DYPIET, Pune
3	ISTE National convention	02 Days 19 - 20 Dec 2013	TKIET Warnanagar
4	Moodle Training	02 Days 7 - 8 May 2013	Under lead college SETI , Panhala

Academic Projects:

- Successfully completed P.G project work entitled as “Design Analysis and optimization of 16”-150 # Plug valve body” ,sponsored by “Ghatage Patil Industries, Kolhapur”.
- Design and manufacturing fixture for assembly of four printing cylinders at a time, which is sponsored by “Manugraph India Ltd., Kolhapur”.

Paper Publication, Paper Presentation -

- Published paper entitled as “Optimization of Plug Valve Body using FEM and Experimental Stress Analysis” in journal entitled as “International Journal of Mechanical Engineer”.
- Presented paper in 5th International Conference at SVNIT Surat, Gujarat on topic of “Design analysis and optimization of plug valve body”.
- Paper Presentation: National level paper presentation on topic “Mechatronics System Design” in PVPIT College Budhagon (Sangali).

CAD Tools

- MATLAB
- CATIA.
- Hypermesh
- Ansys.
- Solid Works

Extra Curricular Activities:-

- 1) Achieved first rank in scholarship exam in 4th & 7th standard and won the Scholarship.
- 2) Participated in zonal level Carom games & won second prize.

Dear Sir,

We would like to extend our sincere thanks to you for delivering Lectures on CATIA V5. We are glad to say that the response from the students was enthusiastic. The information presented by you is beneficial to our student for their technical knowledge enhancement and future career.

We genuinely thank you once again for the support and time given by you and we sincerely hope that you would continue to extend your valuable support in our future initiatives as well.

Thanking you.

Subject: Letter of Appreciation

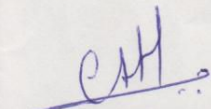

Dear Campus For You Team,

This is to certify that the Orientation Program conducted for our First Year Engineering (F.E.) students on 28th July 2015 , proved to be very motivating and helpful for the students.

The session has helped students to know about important points in academics and extra-curricular activities to focus in F.E. along with Life skills students need to acquire during engineering period. We appreciate the efforts by your team.

Wishing ail the best for your institute.

" ARM 7 & ADVANCE"

Title of Workshop : " ARM 7 & ADVANCE"
Duration : 14TH & 15TH September 2013.
Resource Persons : Prof.V. B. Dharmadhikari
Convenor : Prof. C R Dongarsane
Co-ordinators : Prof. V.D.Patil.

Programme details:

Department of E& TC organized a two day Workshop on " ARM 7 & ADVANCE" dated on 14TH & 15TH September 2013 for final year students of E&TC at Drawing Hall, Sanjeevan Engineering & Technology Institute, Panhala.

The chief guest and first Resource person for the programme was Prof.V. B. Dharmadhikari, Walchand College,Sangli.

For this programme around more than 48 students were present from our college and 31 students from outside under lead college. The event was inaugurated by chief guest Prof.V. B. Dharmadhikari with Dr. V.S.Patil , Principal , SETI, Panhala., Mr C. R. Dongarsane, Convenor.

On first day our Resource person Prof.V. B. Dharmadhikari delivered the session on fundamentals of Microcontroller, ARM and ARM7 . Detailed instruction set of ARM & ARM7 , On second day he explained Programming on the same with hands on experience using small modules that can easily understood by the students

Students of all the different departments learned and enjoyed both the days enthusiastically. This programme will be useful for students as a first stage on the path of Become embedded programmer.Students are able to develop their own small embedded applications as well.

The programme was co-ordinated by Prof. C. R. Dongarsane along with Prof. V.D.Patil.

The vote of thanks expressed by Prof. C. R. Dongarsane.

Black. The basic knowledge i.e. introduction
 of ARM & need of ARM.

What did you **like least** about this workshop?

Directly he had taken programming without
 any instructions knowledge. He explained it
 but I couldn't understand it.

10. How could this workshop be **improved**?

Mainly we have to know the instructions
 for asm & some std. pins for C programming
 that you have to teach first.
