#### **Department of Electrical Engineering**

All the students of **final year Electrical Engg.** Are hereby informed that, they should submit their seminar topic with standard literature [IEEE, Conference or journal paper published 2001 onwards] **to the Prof. P. B. Gurav.**

On or before 15 July 2017

The final schedule is as follows.

Activity	Date
Seminar topic selection <b>[AREA with Subtopic]</b>	19/06/2017 to 07/07/2017
Seminar topic Finalization, and <b>checking of literature</b>	07/07/2017 to 15/07/2017
checking of Seminar <b>Report and PPT</b>	17/07/2017 to 30/07/2017
Seminar Presentation As per Department time table	01/08/2017 to 30/08/2017

Date -18/03/2016

## **NOTICE**

All the Student of TE Mechanical is informed that, the seminar presentation is scheduled on 24/3/2016. All should attend it sincerely.

Following things need to be carry while presentation.

1. Report minimum 20 pages as per given format.
2. PPT presentation.
3. Proper dress code with I card.

Seminar Coordinator  
Prof.V.H.Deokar

  
HOD  
Prof.S.G.Arvindakumar

## CERTIFICATE

This is to certify that following students of T.E. Mechanical engineering has successfully completed Seminar work entitled as **“Steam Boiler”** in partial fulfilment of requirement for the Degree of Bachelor of Mechanical Engineering during the academic year 2015-16 (Sem-II).

## Parikrama - 17

[www.seti.edu.in](http://www.seti.edu.in)

**PARIKRAMAA '17**

**A National Level Technical Event**

After the stupendous success of Parikramaa'14, we are ready for the next edition. Parikramaa'14 was attended by more than 2300 students from across three states. This year it would be bigger and better & expected to reach more than 3000 students across degree engineering, diploma engineering and management verticals. This year Parikramaa'17 entails special sections for diploma and management students bringing in more exposure for your brand.

We invite you to be a media partner in the success of Parikramaa'17 and expose your brand to a wide array of eager audience base targeted to increase your endeavor.

**Memorandum of Understanding (MOU)**  
between  
**SANJEEVAN ENGINEERING & TECHNOLOGY**  
**INSTITUTE, PANHALA.**  
and  
**Tata Technologies Limited**  
Date: January 21, 2016

**TATA**  
**TATA TECHNOLOGIES**

**Sanjeevan Engineering & Technology Institute, Panhala**, (hereinafter referred to as **SETI**), is a college of Engineering and Technology, having its campus at Sanjeevan Knowledge City, A/P - Somwar Peth- Injole, Panhala, Tal. Panhala Kolhapur, Maharashtra, India-416 201

And

**Tata Technologies Limited** (hereinafter referred to as "**Tata Technologies**") is a company registered under the Indian Companies Act, 1956 and has among other businesses, in the business of providing products and services to OEM and Engineering Sectors in the area of Automotive and Aerospace, having its registered office at 25, Rajiv Gandhi Infotech Park, Pune - 411 057.

In the course of this MOU both parties to the MOU mentioned above have been individually referred to as "Party" and jointly as "Parties".

**Objective and Terms**

1. Tata Technologies under aegis of the Corporate Sustainability Program (CSP) has identified the need for imparting quality training in the "Design Engineering" domain to 3rd and 4th year Mechanical Engineering Students of SETI. The main intent behind this initiative is to better equip young engineers to increase awareness and industry connect. The Parties intend to enter in to this MOU to provide a frame work evaluating the area of collaboration between them and establish certain rights and obligations between the Parties during such evaluation. Tata Technologies plans to roll out this e-learning program as a pilot project in SETI.
2. This MOU further establishes an understanding between the Parties to do a pilot test for conducting a Design Engineering training for 3rd & 4th year Mechanical Engineering students ("Students") of SETI using methods and aids generally associated with distance learning. This training is being planned for the first time by Tata Technologies and is currently being conceptualised by Tata Technologies' employees who are experienced in Design Engineering. This program is being planned as part of the Tata Technologies very successful "**Ready Engineer Program**" under the aegis of its Corporate Sustainability. The program for purposes of this agreement will be referred to a "**Distance Ready Engineer**" or "**DRE**" hereinafter.
3. DRE is a voluntary initiative and Tata Technologies will design a course for the entire training. Tata Technologies' experts and experienced Design Engineering specialists will create an e-learning module hosted on IGET IT or a platform (as decided by Tata Technologies at that point of time) which will be licensed for use to selected engineering students of SETI.

4. The proposed methodology for the program will be decided by Tata Technologies in due course of time in consultation with its own consultants and SETI. The terms and conditions of the license to use the program will be provided by Tata Technologies in due course as may be required. All Intellectual Property Rights generated under this program will solely belong to Tata Technologies.
5. The training may require tests to be conducted on a regular intervals during the entire course of DRE to evaluate the students' performance and based on the results, necessary guidance will be given to the students by the SETI Professors (who have undergone the 'DRE Train the Professors Workshop') so as to achieve a satisfactory status.
6. SETI commits to make available the students, professors, training rooms and licensed CATIA V5 software on work stations during the course of the of the DRE program as may be required. This is necessary for a successful implementation and completion of the DRE program.
7. Tata Technologies may charge some nominal fees for the training as agreed between the Parties. The nominal fee obtained from through this course will be utilised for corporate sustainability programs.
8. Tata Technologies may hire the trained students and will have the 1<sup>st</sup> right of refusal for selection after these students complete their graduation which would mean that Tata Technologies may be the first company to interview these Students.
9. Proprietary information disclosed by Tata Technologies in the course of discussions and training under this MOU shall be kept highly confidential. SETI shall not use Tata Technologies' name or its trademarks or make any reference to the MOU or the DRE program in any manner of publicity without Tata Technologies' prior written consent.
10. Parties are aware that the business activities of Tata Technologies are self-regulated by the "Tata Code of Conduct" which is incorporated by reference herein. It can be accessed and downloaded from <http://www.tatatechnologies.com>.
11. This MOU is effective from the date of signing and will remain valid unless terminated by either Party, upon thirty (30) days written notice to the other Party.
12. This MOU shall be construed, and the legal relations between the Parties hereto shall be determined, in accordance with the substantive laws of India. The parties shall refer their disputes to the exclusive jurisdiction of the Courts at Pune, India.
13. Neither this MOU nor any negotiations or other understandings prior or pursuant to the execution of the MOU shall constitute a binding and legally enforceable MOU, nor give rise to any liability, between the Parties.

The Parties have caused their respective duly authorized representatives to execute and deliver this Agreement on the date mentioned herein above.

**Subject: Regarding permission to Industrial visit at Chandoli Power plant.**

Dear Sir,

Our institute is established in 2009 in view to impart engineering education to under graduate students. **Automobile engineering** is one of the six other courses run by the institute. This is second year for the said course.

As per the curriculum laid by the Shivaji University, Kolhapur an industrial visit is mandatory for the second year students for the subject **Fluid Machinery**.

In this regard, 35 students from S.E. Automobile class wish to visit on 21<sup>st</sup> February 2016 at power station along with three staff members. The list of students is attached herewith.

We request you to kindly allow them to visit your organization in month of February. We assure that student will follow the rules and maintain the discipline during period of visit.

Thanking You.

## INDUSTRIAL VISIT REPORT

**Name of resource person:** Prof.C .R.Dongarsane, E & TC Department.

**Name and Address of Company:** All India Radio (Akashvani), Kolhapur

**Objectives:** To get the knowledge of FM modulation and demodulation and their transmission and broadcasting.

On 15<sup>th</sup> March 2018, We left from college at about 9.30.am from the college campus with 20 students of SE E&TC and reached the Company in half an hour. Firstly we visited the multi-purpose studio where we got to experience the live recording. Then the coordinator took us to the A/C plant room where he explained how the power is distributed in the whole station. Then we went to Control Room where we got to know how FM signal modulation and demodulation takes place and also we got know about the circuitry of the kits. Students clarified their doubts & questions about the academic syllabus

This visit was focused to know How Radio Signals were transmitted. Theory was explained with the block diagram of the entire station by the Deputy Engineer Sri Aarkte Sir. Then they were taken into transmission booth where the students observed how the RJ will do live FM radio programs, how the feeders are connected and different types of Omni directional mikes were used. Then the students were taken to multipurpose studio room, where students were seen how the radio programs were recorded and the devices used. This was explained by the concern engineer. In control room, the transmitter and receiver sections were explained and finally students were taken to antenna and radio tower section. Here they observed and understood how the signal was sent from control room to antenna and the type of antenna they used for the purpose of transmission. The transmission frequency of Kurnool FM station is 102.4MHz. The range of transmission is 50KM and height of the antenna is 100m.

Following work is carried out in this Industry—

- Recording
- Editing
- Transmission
- Broadcasting Outcome :
- Integrated communication technology
- FM modulation
- Broadcasting Process in radio station.

Dear Sir

Our institute is established in 2009 in a view to impart engineering education to under graduate and post graduate students. Mechanical Engineering is one of the six courses run by the institute for under graduate students.

As per of our curriculum of Shivaji University, Kolhapur, for **Second Year Mechanical Engineering** students an industrial visit is required. This will help students to visualize the knowledge they have gained under the course of "Applied Thermodynamics". In this regard, we would like to visit your esteemed organization. There are **60 students** willing to visit your plant and accompanied by **four faculties** for your reference and for further sanctions.

So, you are kindly requested to permit our students to visit your company preferably on 23<sup>rd</sup> September, 2017.

Dear sir

In Final year Automobile Engineering syllabus in eight semester has CAD Lab . Final year Automobile Engineering students are interested to learn more about this subject . We have planned a guest lecture on 3D modeling & future opportunities by MR. Vasimkhan Pathan who has very wide experience in same field.

This is kind request you to give permission to arrange same.

Thanking you.

Yours Faithfully

Dear Sir,

Our Institute is established in 2009 in view to impart engineering education to under graduate students. Automobile engineering and six other courses are run by the institute.

We are inviting you as a guest lecture on topic **"3D Modeling and its future opportunities"** on 05<sup>th</sup> March 2018.

The aim of guest lecture is to make aware the students for 3D Modeling softwares and future opportunities in 3D Modeling.

In this connection, we take this opportunity to invite to demonstrate your technical knowledge. We will be highly obliged if accept the invitation and share valuable experience for the benefit of faculty participants.

The schedule of the program is attached herewith. You are also requested to contact the undersigned for any further information.

With kind regards.

Subject: Invitation as a Guest lecturer on Personality Development

Dear Madam,

Our Institute is established in 2009 in a view to impart engineering education to under graduate students. Automobile engineering is one of the six other courses run by the institute.

We wish to arrange a training programme for third and final year students regarding personality development which will include sessions such as group discussion and interview techniques. This training will be helpful for the students from campus placement and their self development points of view.

We would like to invite you as an Expert faculty to deliver your knowledge in the above mentioned field and address our students on 02<sup>th</sup> September 2015.

Thanking you.

## Program Report

### Students guided for Personality Development" on 2<sup>nd</sup> September 2015

The lecture was interactive. It also helped the students to build a positive attitude and motivated them to achieve high success in life. The lecture was enlightening experience as it helped to rediscover oneself as a human being, as a student, as a fresher who was looking for his/her dream job. The articulation tips provided by the mentor were helpful to improve the personality. This Lecture was very good to learn global accent.

Subject: Regarding the arrangement of guest lectures for Operating System II subject.

Respected Sir,

According to the latest syllabus completion report and repeated requests from students it has been observed that, the syllabus of the subject **Operating System II(TECSE)** is not completed up to the mark (**Only 5 % syllabus is been completed till date**). Hence to avoid the academic loss of the students and to complete the syllabus of the subject we need to arrange the guest faculty lectures. For the same I am requesting you to allow us to arrange the lectures. The remuneration of the faculties is as below.

1. Prof. Vinay Prabhavalkar, KIT College of Engineering Kolhapur.
2. Prof.A.S. Jamadade, SIT College of Engineering, Yadrav.

Sr.No	Name	Hours	Remuneration	TA/DA	Total

## HYDROPHONIC: THE FUTURE OF FARMING

We all know that , agriculture is a backbone of India. So for betterment of agriculture we have to bring new techniques.

So we have made a project in which we can cultivate the farm without soil. As we know that in future there will be less cultivatable land. So its necessary to bring new techniques in farming.

**Target Students:-** First Year Degree of all branches and Final Year Diploma of all branches of Engineering

**Event Details:**

• **Objectives of the event:**

Projects are done as a part of engineering curriculum. It is a platform where engineers can showcase their talent by doing innovative projects that strengthen their profile and increases the chance of employability.

**H. O. D.**  
**General Engineering**

Keeping this in mind **Department of Basic Sciences and Humanities, SETI, Panhala** has launched **“Project Based Learning Competition-2018”** which provides an excellent platform for the Engineering aspirants to build cool projects as a team at their own pace and time, which can be done as a mini project-a part of their curriculum.

**“Project Based Learning Competition-2018”** helps a student to understand theoretical concepts and apply them practically by building projects. With this learning, all the students will not just be able to complete their project but also be able to answer all their viva questions/ interview questions with confidence. This will help them to improve their teamwork in addition to helping them split the cost of the project and make it more affordable.

- **Rules for competition:**

- 1) Make your own group of 10 students as per your convenience and one should be the group leader.
- 2) Rs. 50 will be a registration fee per student in the group (Rs. 500/- per group).

● **Outcomes of the event**

The function has been a result of good hard work done by the First Year degree and Final year diploma students who showed high interest to display their projects, the efforts of each faculty members in making their projects execution at their best. The function was fully photographed solely by the faculty of the department. The function generated a high degree of excitement in the faculty and students of the college, faculty and students of the neighboring colleges, and was a great success. The students are motivated by the prizes and certificates, the first prize of project is Rs. 5000 second prize is Rs. 3000 and third prize is Rs. 2000 are given to best 3 project groups.

● **Feedback from mentors/experts:**

All the experts appreciated the work done by the students. Experts motivated the students to convert their projects into end product. Experts had given guidance to the students about their working model and suggested some changes to make it more viable and useful for the society. All the experts selected best 3 Projects from all departments based on their usefulness to the society and efforts students have done the projects for innovations.

- **Feedback from faculty members:**

All the students had presented their work very effectively; some of the projects are really up to the noticeable mark and can be converted to end product. Such kind of event motivates the students to learn by self-experience and do some innovative work. All the activities have been organized in very nice manner. The ideas are taking a shape in form of projects; some of the projects are very useful for the society. It is really combination of theory and practical. Students can be inspired largely by such kind of activities and need to organize every year.

- **Feedback from students:**

There are many interested projects made by 1<sup>st</sup> year Students. We have gained a many ideas and it may be very useful for us in deciding projects in final year. We have also found the way to make the ideas to be implemented. Some of the ideas can also be extended at larger scale.
