10 Objectives of the Free One-Month Core Java Training Program (CSR Initiative) at Fuel Pune

1. **Equip Underprivileged Youth:** Empower individuals from underserved communities with in-demand Core Java skills, making them job-ready for entry-level programming positions.
2. **Bridge the Skill Gap:** Address the shortage of qualified Java developers in the IT industry by providing accessible training to bridge the skill gap.
3. **Introduce Programming Fundamentals:** Introduce participants to the fundamentals of Java programming, including syntax, data types, control flow, and object-oriented programming concepts.
4. **Develop Problem-Solving Skills:** Foster critical thinking and problem-solving abilities through practical coding exercises and projects.
5. **Enhance Employability:** Increase participants' employment prospects by equipping them with a valuable technical skill sought after by employers.
6. **Build a Foundation for Further Learning:** Provide a solid foundation in Core Java that allows participants to pursue further education and specialization in programming.

Title: Fuel's Free Core Java Training Program for Sanjeevan Students

Dates: February 13, 2023 - March 13, 2023

Location: Bhudhan, Pune

Sponsored by: Capgemini Pune

Introduction: From February 13 to March 13, 2023, Fuel organized an exceptional one-month Core Java Training Program for students from Sanjeevan Institute. This initiative was made possible through the generous funding of Capgemini Pune. The program aimed to provide students with comprehensive Java programming skills and enhance their employability in the IT sector. The training program was not only free of cost but also included accommodation, food, certification, and job assistance.

Certificate Sample

Key Highlights:

Comprehensive Core Java Training: The program covered all essential aspects of Core Java, including object-oriented programming, data structures, exception handling, multithreading, and database connectivity. The curriculum was designed to make students industry-ready Java developers.

Professional Trainers: Fuel engaged experienced and certified trainers who were experts in Java programming. They provided hands-on training, real-world examples, and practical insights into Java development.

Fully Funded Program: Thanks to the generous sponsorship from Capgemini Pune, the entire program, including training, accommodation, and food, was offered to students free of cost. This removed financial barriers and made quality education accessible to all.

Accommodation and Facilities: Students were provided with comfortable staying facilities in Bhudhan, Pune, ensuring a conducive learning environment. Nutritious meals were provided throughout the training period.

Certification: At the end of the program, students received a certification of completion, which recognized their proficiency in Core Java. This certification would serve as a valuable addition to their resumes.

Job Assistance: Fuel went the extra mile by offering job assistance to program participants. They were provided with guidance on job interviews, resume building, and job search strategies, increasing their chances of securing employment in the IT industry.

Practical Projects: The program included practical projects, allowing students to apply their Java programming skills to real-world scenarios. This hands-on experience was invaluable for building their portfolios.

Interactive Learning: The training sessions were highly interactive, with a focus on problem-solving and collaborative learning. Students had the opportunity to ask questions, seek clarification, and engage in group discussions.

Conclusion: Fuel's Free Core Java Training Program for Sanjeevan students, sponsored by Capgemini Pune, was a remarkable initiative that provided students with a unique opportunity to enhance their Java programming skills. The program's comprehensive curriculum, professional trainers, and additional benefits like accommodation, food, certification, and job assistance made it an outstanding educational experience. This initiative not only enriched the lives of the students but also contributed to their future employability in the IT sector.

We extend our heartfelt appreciation to Fuel and Capgemini Pune for their dedication to nurturing talent and providing students with access to quality education and job opportunities.

Specialize: Consider specializing in a niche area such as machine learning, cloud computing, or cybersecurity to stand out.

Develop a Strong Portfolio: a. **Personal Projects:** Work on personal coding projects to showcase your skills and passion. b. **GitHub:** Create a GitHub profile with well-documented projects to demonstrate your coding abilities. c. **Open-Source Contributions:** Contribute to open-source projects to gain visibility and credibility.

Introduction: Securing a high-paying software job in 2023 requires a combination of technical skills, effective job search strategies, and a strong professional network. In this report, I will share insights and tips on how to successfully crack high-paying software jobs based on my experience as an ex-Microsoft employee.

Enhance Your Technical Skills: a. **Stay Current:** Keep up-to-date with the latest programming languages, frameworks, and technologies in demand in the industry. b. **Build a Strong Foundation:** Ensure you have a solid understanding of data structures, algorithms, and problem-solving. c.

Networking: a. Attend Tech Conferences: Participate in conferences, meetups, and workshops to connect with industry professionals. b. Online Communities: Join tech-related forums, LinkedIn groups, and social media communities to engage with peers and experts. c. Alumni Network: Leverage your university or college alumni network for job referrals and insights.

Prepare for Technical Interviews: a. LeetCode and HackerRank: Practice coding challenges on platforms like LeetCode and HackerRank. b. System Design: Master system design concepts for architecture-related interviews. c. Behavioral Interviews: Prepare for behavioral questions by reflecting on past experiences and achievements.

Build a Strong Resume: a. Tailor Your Resume: Customize your resume for each job application, highlighting relevant skills and experiences. b. Quantify Achievements: Use quantifiable metrics to showcase your accomplishments.

Job Search Strategies: a. Targeted Applications: Apply to companies that align with your career goals and interests. b. Networking: Use your professional network to learn about job openings and receive referrals. c. Online Job Boards: Utilize job search platforms like LinkedIn, indeed, and Glassdoor.

Interview Preparation: a. Mock Interviews: Practice technical and behavioral interviews with friends or mentors. b. Research the Company: Understand the company's culture, products, and recent news. c. Ask Questions: Prepare thoughtful questions to ask the interviewer to demonstrate your interest.

Negotiate Your Salary: a. Research Market Rates: Know the salary range for your role and location. b. Leverage Multiple Offers: If you have multiple offers, use them to negotiate a higher salary.

Conclusion: Securing a high-paying software job in 2023 requires a proactive approach, continuous skill development, and effective networking. By following these strategies, you can increase your chances of cracking high-paying software jobs and advancing your career in the tech industry.

Introduction: On June 30, 2023, Ms. Susrenitha Tummala, a Business Excellence Practitioner at TCS, conducted an enlightening and engaging training session for students at SETI (Space and Engineering Technology Institute). The session aimed to demystify the field of Data Science and Transformation, providing students with valuable insights into this dynamic industry.

Key Highlights:

Understanding Data Science: Ms. Tummala began by explaining the fundamental concepts of Data Science, emphasizing its role in extracting valuable insights from data to drive business decisions. She highlighted the increasing demand for data professionals in today's data-driven world.

Data Transformation: The session delved into the critical aspect of data transformation, which involves cleaning, processing, and structuring raw data into a usable format. Ms. Tummala illustrated real-world examples to demonstrate the significance of data transformation in improving data quality.

Practical Applications: Through case studies and real-life examples, students gained a clear understanding of how Data Science and Transformation are applied across various industries, including finance, healthcare, and e-commerce.

Tools and Technologies: Ms. Tummala introduced popular tools and technologies used in the field, such as Python, R, and machine learning frameworks. She also discussed the importance of staying updated with the latest advancements in technology.

Career Opportunities: The session addressed the numerous career opportunities available in Data Science and Transformation, including data analyst, data engineer, machine learning engineer, and data scientist roles. Students learned about the skills and qualifications needed to excel in these careers.

Challenges and Ethical Considerations: Ms. Tummala emphasized the ethical responsibilities of data professionals, discussing topics like data privacy, bias in algorithms, and the importance of responsible data handling.

Q&A Session: The training concluded with an interactive Q&A session where students had the opportunity to ask questions and seek clarification on various aspects of Data Science and Transformation.

Conclusion: Ms. Susrenitha Tummala's training session on Demystifying the Field of Data Science and transformation provided SETI students with valuable insights into the world of data-driven decision-making. The presentation was informative, engaging, and thought-provoking, equipping students with knowledge that will be invaluable as they pursue careers in this dynamic field. We are grateful to Ms. Tummala for her expertise and guidance.

Title: Emerging Spatial Wave Opportunities and Challenges Presenter: Dr. Ashok Maharaj Date: July 7, 2023 Event: Online Training for SETI Students

Introduction: On July 7, 2023, Dr. Ashok Maharaj, Head of XR Labs at TCS (Tata Consultancy Services), conducted an insightful online training session for students at SETI (Space and Engineering Technology Institute). The session focused on "Emerging Spatial Wave Opportunities and Challenges" and aimed to provide students with a deep understanding of the spatial wave technology landscape.

The banner features a dark background with geometric light patterns. At the top left is the 'tcs Careers' logo. At the top right is the tagline 'Building on belief'. The main headline reads 'Discover science beyond your imagination with TCS Launchpad'. Below this, it says 'Upcoming Connect2Conquer Session: Emerging Spatial Wave - Opportunities and Challenges'. Key Highlights:

Spatial Wave Technology: Dr. Ashok Maharaj began by introducing the concept of spatial wave technology, highlighting its significance in shaping the future of various industries, including aerospace, telecommunications, and healthcare. He explained how spatial waves differ from traditional waves and their potential applications.

XR (Extended Reality): The session explored the XR spectrum, which encompasses Virtual Reality (VR), Augmented Reality (AR), and Mixed Reality (MR). Dr. Maharaj discussed the role of XR technologies in creating immersive and interactive experiences for users.

Real-world Applications: Through case studies and examples, Dr. Maharaj illustrated how spatial wave technologies are being leveraged across different sectors. These applications ranged from training simulations in aerospace to enhancing medical procedures through AR.

Opportunities for Innovation: Students were encouraged to explore the various opportunities for innovation in spatial wave technology. Dr. Maharaj emphasized the importance of interdisciplinary collaboration and creative thinking in this rapidly evolving field.

Challenges and Considerations: The training addressed the challenges associated with spatial wave technology, including hardware limitations, data security, and user acceptance. Dr. Maharaj emphasized the need for ethical considerations in the development and deployment of XR solutions.

Future Trends: The session concluded with a discussion of future trends and the potential impact of spatial wave technology on industries such as education, entertainment, and healthcare. Students gained insights into the evolving landscape and the skills required to stay relevant in this field.

Q&A Session: An interactive Q&A session allowed students to engage with Dr. Maharaj, ask questions, and seek clarification on topics discussed during the training.

Conclusion: Dr. Ashok Maharaj's online training on "Emerging Spatial Wave Opportunities and Challenges" provided SETI students with a comprehensive overview of this transformative technology. The session was enlightening and inspiring, equipping students with knowledge and a forward-thinking mindset that will be instrumental as they navigate the exciting world of spatial wave technology. We extend our gratitude to Dr. Maharaj for his expertise and engaging presentation.

Guest Speaker

Prakash Nagaonkar, NIIT, Pune

OBJECTIVES OF THE PROGRAM

- **Bridge the Domain Gap:** Equip students with the necessary knowledge and skills specific to the banking industry, even if their academic backgrounds are in Computer Science (CSE) or Electrical Engineering.
- **Develop Financial Technology Expertise:** Focus on training in FinTech (Financial Technology) applications and tools used extensively in modern banking operations, leveraging the students' existing technical foundation.
- **Enhance Banking Operations Skills:** Provide training in core banking operations, regulations, and compliance, preparing students for roles in areas like loan processing, customer service, or risk management.
- **Sharpen Business Acumen:** Develop essential business acumen relevant to the banking sector, including financial analysis, marketing strategies, and customer relationship management.
- **Increase Career Prospects:** Broaden students' career opportunities by equipping them with a specialized skillset that makes them competitive for positions in the growing FinTech and banking industry

Title: NIIT - Banking Career Opportunities Training & Placement Program

Date: July 9, 2023

Event: Overview of IT Opportunities in the Banking Sector

Introduction: On July 9, 2023, NIIT organized a training and placement program aimed at Computer Science and Electrical Engineering students. The session was designed to provide students with an in-depth overview of the IT opportunities available in the banking sector. The program focused on preparing students for career options that bridge technology and finance.

Key Highlights:

Introduction to Banking Technology: The session commenced with an introduction to the essential role of technology in the banking industry. Students gained insights into how information technology is transforming banking operations, customer experiences, and financial products.

Fintech Landscape: The program explored the dynamic fintech landscape and the disruptive innovations that are changing the face of banking. Students learned about digital payment systems, peer-to-peer lending, blockchain, and other emerging technologies.

Career Opportunities: The heart of the training program was an extensive overview of the career opportunities available in the banking sector for IT professionals. This included roles such as software developers, data analysts, cybersecurity specialists, and IT consultants, all tailored to the banking industry.

Skills and Qualifications: NIIT provided guidance on the specific skills and qualifications needed to excel in IT roles within the banking sector. Emphasis was placed on programming languages, database management, data analytics, and financial domain knowledge.

Internship and Placement Programs: Students were introduced to NIIT's training and placement programs, which connect students with leading banks and financial institutions. These programs offer opportunities for internships and entry-level positions in the banking IT sector.

Industry Expertise: The session featured industry experts who shared their experiences and insights. These professionals provided valuable advice on how to prepare for interviews, build a successful career, and stay updated with industry trends.

Q&A Session: The training program concluded with an interactive Q&A session, allowing students to ask questions and seek clarification on career paths, skill development, and job placement opportunities.

Conclusion: NIIT's "Banking Career Opportunities Training & Placement Program" on July 9, 2023, provided Computer Science and Electrical Engineering students with a comprehensive understanding of the IT opportunities within the banking sector. The program equipped students with valuable insights, knowledge, and resources to pursue rewarding careers that merge technology and finance. We extend our appreciation to NIIT for their commitment to preparing the next generation of IT professionals for the banking industry.

7. Objectives of the Workshop:

Life skills go hand in hand with development and can assist students to succeed later in life. Life skills are recognized as those essential skills that bring together the social, emotional, and cognitive capacities of a person to solve problems and achieve goals. Life skills training equip students with the social and interpersonal skills that enable them to cope with the demands of everyday life. The objectives of this training are to build self-confidence, encourage critical thinking, foster independence and help students to communicate more effectively. It helps participants/studnets become more assertive, communicate effectively with others by developing good listening skills and learn to handle stress and deal with disappointments and setbacks. Such training sessions help students to explore their beliefs and attitudes through group discussions and confidence building techniques such as positive visualization. They encourage students to play to their strengths by engaging in creative activities and following a healthy lifestyle. **After completing this workshop students will be able to:**

- Learn how to deal with failure
- Improve their study skills

Title: Life Skills Training Program in Association with Rubicon Skills

Date: September 7-10, 2023

Event: Training Program for Sanjeevan Institute Students

Introduction: From September 7 to 10, 2023, the Sanjeevan Institute organized a comprehensive Life Skills Training Program in collaboration with Rubicon Skills. The program aimed to empower students with essential life skills that are instrumental for personal and professional development.

Key Highlights:

Facilitator Excellence: The training program was conducted by Mr. Zakir Hussien, a highly experienced trainer from Rubicon Skills. His expertise and engaging teaching style made the sessions highly interactive and informative.

Holistic Approach: The program adopted a holistic approach, covering a wide range of life skills including communication, time management, problem-solving, emotional intelligence, and stress management.

Communication Skills: Students actively engaged in activities to enhance their communication skills. They learned effective communication techniques, the art of active listening, and public speaking skills through practical exercises.

Time Management: The importance of time management was stressed, and students were equipped with practical tools and strategies for setting goals and managing their time effectively.

Problem-Solving: Students participated in group activities and case studies to develop their problem-solving and critical thinking abilities, an essential skill set for tackling challenges in various aspects of life.

Emotional Intelligence: The program focused on recognizing and managing emotions, as well as building empathy and emotional resilience. Students were taught techniques to understand and control their emotions in both personal and professional settings.

Stress Management: Stress management techniques and practices were shared, allowing students to learn how to cope with stress effectively and maintain mental well-being.

Interactive Workshops: The program featured interactive workshops, group discussions, and hands-on activities to reinforce the concepts taught, ensuring students had practical experience applying these skills.

Practical Application: Throughout the training, students were encouraged to apply the skills they learned to real-life scenarios, enhancing their ability to use these skills effectively.

Certificate of Completion: At the conclusion of the program, students were awarded certificates of completion, recognizing their dedication to personal growth and skill development.

Conclusion: The Life Skills Training Program in association with Rubicon Skills, conducted from September 7 to 10, 2023, was highly successful in equipping Sanjeevan Institute students with crucial life skills. Mr. Zakir Hussen's engaging training sessions, covering various facets of personal development, have empowered the students with practical skills that will be valuable throughout their lives.

We extend our appreciation to Rubicon Skills and Mr. Zakir Hussen for their invaluable contribution to the personal and professional growth of these students.

LIFE SKILLS TRAINING PROGRAM IN ASSOCIATION WITH RUBICON SKILLS- 01 Batch

Organized By

Training and Placement Department

In Association with

Rubicon Skills Pvt Ltd, Pune

From

12- 09-2023 to 15-09-2023

Trainer

Tanushree Madam, Satara

Objectives of Life Skills Training Program with Rubicon Skills:

1. **Develop Foundational Life Skills:** Equip participants with essential life skills like decision-making, problem-solving, critical thinking, and effective communication, which are crucial for success in various aspects of life.
2. **Boost Employability:** Enhance participants' employability by fostering skills like teamwork, leadership, time management, and conflict resolution – highly sought-after qualities in the workplace.
3. **Promote Personal Growth:** Nurture personal growth and self-awareness by focusing on skills like goal setting, stress management, and emotional intelligence.
4. **Build Confidence and Resilience:** Cultivate confidence and resilience, enabling participants to navigate challenges, adapt to change, and bounce back from setbacks.
5. **Bridge the Skills Gap:** Address the gap between academic qualifications and essential life skills, empowering participants to thrive in today's dynamic world (potentially aligning with Rubicon's mission of making learning aspirational).

Life Skills Training Program Report

In Association with Rubicon Skills Trainer: Tanushree Madam

Sanjeevan Engineering Institute, Panhala Dates: September 12, 2023 – September 15, 2023

Introduction

The Life Skills Training Program, in collaboration with Rubicon Skills and led by Trainer Tanushree Madam, was conducted at Sanjeevan Engineering Institute, Panhala, from September 12, 2023, to September 15, 2023. The program was specially designed for first-year engineering students to equip them with essential life skills necessary for their academic and personal growth.

Program Highlights

Day 1 - September 12, 2023

Orientation: The program began with a warm welcome and orientation session, where students were introduced to the objectives and schedule of the training.

Communication Skills: Tanushree Madam conducted interactive sessions on effective communication, emphasizing the importance of clear and concise expression.

Day 2 - September 13, 2023

Time Management: The second day focused on time management skills, teaching students how to prioritize tasks, set goals, and make the most of their time.

Conflict Resolution: Students participated in discussions and activities on conflict resolution and problem-solving techniques.

Day 3 - September 14, 2023

Stress Management: Tanushree Madam shared strategies to manage stress, cope with academic pressures, and maintain mental well-being.

Financial Literacy: The afternoon session covered financial literacy, including budgeting, saving, and making informed financial decisions.

Day 4 - September 15, 2023

Career Guidance: The final day of the program focused on career guidance, helping students explore career options and set goals for their academic and professional journey.

Closing Ceremony: The program concluded with a certificate distribution ceremony, where participants received certificates of completion.

Feedback and Impact

The Life Skills Training Program received positive feedback from the first-year engineering students of Sanjeevan Engineering Institute. Participants reported increased self-confidence, improved communication skills, and enhanced time management abilities. They found the stress management and conflict resolution sessions particularly valuable in adapting to their new academic environment.

Tanushree Madam's expertise and engaging teaching style were highly appreciated by both students and college faculty. The program has undoubtedly equipped the first-year students with crucial life skills that will benefit them not only during their academic journey but also in their future careers.

Conclusion

The Life Skills Training Program, conducted in collaboration with Rubicon Skills and Trainer Tanushree Madam, was a successful initiative. It has empowered the first-year engineering students of Sanjeevan Engineering Institute, Panhala, with essential life skills that will contribute to their personal and academic development. We extend our gratitude to all participants and look forward to future collaborations

LIFE SKILLS TRAINING PROGRAM IN ASSOCIATION WITH RUBICON SKILLS- 02 Batch

Organized By

Training and Placement Department

In Association with

Rubicon Skills Pvt Ltd, Pune

From

12- 09-2023 to 15-09-2023

Trainer

Yogesh Rahane, Mumbai

Objectives of Life Skills Training Program with Rubicon Skills:

1. **Develop Foundational Life Skills:** Equip participants with essential life skills like decision-making, problem-solving, critical thinking, and effective communication, which are crucial for success in various aspects of life.
2. **Boost Employability:** Enhance participants' employability by fostering skills like teamwork, leadership, time management, and conflict resolution – highly sought-after qualities in the workplace.
3. **Promote Personal Growth:** Nurture personal growth and self-awareness by focusing on skills like goal setting, stress management, and emotional intelligence.
4. **Build Confidence and Resilience:** Cultivate confidence and resilience, enabling participants to navigate challenges, adapt to change, and bounce back from setbacks.
5. **Bridge the Skills Gap:** Address the gap between academic qualifications and essential life skills, empowering participants to thrive in today's dynamic world (potentially aligning with Rubicon's mission of making learning aspirational).

Life Skills Training Program Report

In Association with Rubicon Skills Trainer: Yogesh Rahane

Sanjeevan Engineering Institute, Panhala Dates: September 12, 2023 - September 15, 2023

Introduction

The Life Skills Training Program, in collaboration with Rubicon Skills and led by Trainer Yogesh Rahane, was conducted at Sanjeevan Engineering Institute, Panhala, from August 12, 2023, to September 15, 2023. The program was specifically designed for second-year students of Electrical and Civil Engineering to equip them with essential life skills and provide hands-on experience through field activities.

Program Highlights

Day 1 - September 12, 2023

Orientation: The program began with an orientation session where students were introduced to the objectives and schedule of the training, emphasizing the unique blend of classroom and field activities.

Communication Skills: Yogesh Rahane conducted interactive sessions on effective communication, highlighting its importance in both personal and professional life.

Day 2 - September 13, 2023

Time Management: The second day focused on time management skills, helping students learn how to balance their academic and personal commitments effectively.

Field Activity - Site Visit: Students were taken on a site visit to apply their time management skills in a real-world scenario, observing electrical and civil engineering projects.

Day 3 - September 14, 2023

Stress Management: Yogesh Raftane shared strategies to manage stress, especially in the demanding fields of Electrical and Civil Engineering.

Conflict Resolution: Classroom discussions and activities centered on conflict resolution and effective problem-solving techniques.

Day 4 - September 15, 2023

Field Activity - Practical Application: The program concluded with another field activity, allowing students to apply the skills they had learned in a hands-on manner at the construction site.

Closing Ceremony: The program concluded with a certificate distribution ceremony, where participants received certificates recognizing their successful completion of the program.

Feedback and Impact

The Life Skills Training Program with a focus on field activities received enthusiastic feedback from the second-year students of Electrical and Civil Engineering at Sanjeevan Engineering Institute. Participants appreciated the unique combination of classroom learning and real-world exposure, which enhanced their understanding of life skills in practical settings.

Yogesh Rahane's expertise, both in the classroom and during field activities, was highly appreciated by students and faculty alike. The program successfully equipped students with crucial life skills while providing them with valuable experiences in their respective fields.

Conclusion

The Life Skills Training Program, conducted in collaboration with Rubicon Skills and Trainer Yogesh Rahane, was a highly impactful initiative. It not only provided students with essential life skills but also allowed them to apply these skills in real-world scenarios through field activities. We extend our gratitude to all participants and look forward to future collaborations that enrich the educational experience of our students.

Life Skills Training Program Report

In Association with Rubicon Skills Trainer: Shankri Vaidya, Mumbai

Sanjeevan Engineering Institute, Panhala Dates: September 12, 2023 - September 15, 2023

Introduction

The Life Skills Training Program, in collaboration with Rubicon Skills and led by Trainer Shankri Madam from Mumbai, was conducted at Sanjeevan Engineering Institute, Panhala, from **September 12, 2023, to September 15, 2023**. This unique program was tailored to benefit second-year students of Mechanical Engineering and first-year students of all engineering disciplines, combining classroom training with hands-on field activities.

Program Highlights

Day 1 - September 12, 2023

Orientation: The program began with an orientation session where students were introduced to the objectives and the innovative blend of classroom and field training.

Communication Skills: Shankri Madam led interactive sessions on effective communication, emphasizing its significance in both academic and professional contexts.

Day 2 - September 13, 2023

Time Management: The second day was dedicated to time management skills, helping students strike a balance between their academic and personal commitments.

Field Activity - Mechanical Workshop: Students embarked on a field visit to a mechanical workshop, applying their time management skills and gaining hands-on experience in Mechanical Engineering.

Day 3 - September 14, 2023

Stress Management: Shankri Madam conducted sessions on stress management, addressing the unique challenges students in engineering disciplines may face.

Conflict Resolution: Classroom discussions and practical exercises centered on conflict resolution and effective problem-solving techniques.

Day 4 - September 15, 2023

Field Activity - Engineering Site Visit: The program concluded with another field activity, where students visited an engineering construction site, applying the life skills they had acquired throughout the program.

Closing Ceremony: The program ended with a certificate distribution ceremony, where participants received certificates acknowledging their successful completion of the program.

Feedback and Impact

The Life Skills Training Program with its immersive approach received overwhelmingly positive feedback from second-year Mechanical Engineering students and first-year engineering students at Sanjeevan Engineering Institute. Participants lauded the combination of classroom learning and real-world exposure, which significantly enhanced their grasp of life skills within their engineering context.

Shankri Madam's expertise, both in classroom instruction and during field activities, was highly valued by students and faculty. The program successfully equipped students with essential life skills while allowing them to apply these skills in real-world engineering settings.

Conclusion

The Life Skills Training Program, conducted in partnership with Rubicon Skills and Trainer Shankri Madam, was a resounding success. It not only imparted essential life skills but also provided students with invaluable practical experiences in their respective fields of study. We extend our gratitude to all participants and eagerly anticipate future collaborations that enrich the educational journey of our students.

Dear Sir,

Our Institute is established in 2009 in a view to impart engineering education to Under Graduate (UG) & Post Graduate (PG) Students. By learning your expertise and vast experience in the area of SAP, we are pleased to invite you as a speaker in One Day Workshop on "Importance of SAP in Current Scenario" for Mechanical Engineering Students. We are confident that our students would be enriched with your lecture. This program will be helpful for our Mechanical Engineering Students from their career point of view. The workshop is planned on 12th July 2023. Kindly give your consent

Thanking you.

Yours faithfully,
