Title: Fuel's Free Core Java Training Program for Sanjeevan Students

Dates: February 13, 2023 - March 13, 2023

Location: Bhudhan, Pune

Sponsored by: Capgemini Pune

Introduction: From February 13 to March 13, 2023, Fuel organized an exceptional one-month Core Java Training Program for students from Sanjeevan Institute. This initiative was made possible through the generous funding of Capgemini Pune. The program aimed to provide students with comprehensive Java programming skills and enhance their employability in the IT sector. The training program was not only free of cost but also included accommodation. food, certification, and job assistance.

Certificate Sample

Key Highlights:

Comprehensive Core Java Training: The program covered all essential aspects of Core Java, including object-oriented programming, data structures, exception handling, multithreading, and database connectivity. The curriculum was designed to make students industry-ready Java developers.

Professional Trainers: Fuel engaged experienced and certified trainers who were experts in Java programming. They provided hands-on training, real-world examples, and practical insights into Java development.

Fully Funded Program: Thanks to the generous sponsorship from Capgemini Pune, the entire program, including training, accommodation, and food, was offered to students free of cost. This removed financial barriers and made quality education accessible to all.

Accommodation and Facilities: Students were provided with comfortable staying facilities in Bhudhan, Pune, ensuring a conducive learning environment. Nutritious meals were provided throughout the training period.

Certification: At the end of the program, students received a certification of completion, which recognized their proficiency in Core Java. This certification would serve as a valuable addition to their resumes.

Job Assistance: Fuel went the extra mile by offering job assistance to program participants. They were provided with guidance on job interviews, resume building, and job search strategies, increasing their chances of securing employment in the IT industry. Practical Projects: The program included practical projects, allowing students to apply their Java programming skills to real-world scenarios. This hands-on experience was invaluable for building their portfolios.

Interactive Learning: The training sessions were highly interactive, with a focus on problemsolving and collaborative learning. Students had the opportunity to ask questions, seek clarification, and engage in group discussions.

Conclusion: Fuel's Free Core Java Training Program for Sanjeevan students, sponsored by Capgemini Pune, was a remarkable initiative that provided students with a unique opportunity to enhance their Java programming skills. The program's comprehensive curriculum, professional trainers, and additional benefits like accommodation, food, certification, and job assistance made it an outstanding educational experience. This initiative not only enriched the lives of the students but also contributed to their future employability in the IT sector.

We extend our heartfelt appreciation to Fuel and Capgemini Pune for their dedication to nurturing talent and providing students with access to quality education and job opportunities.

How to Crack High-Paying Software Job in 2023

without worrying about your Department or CGPA

- Proven path followed by 1000s of students
- Top skills that companies are looking for
- Is CGPA really important during the interview selection process?

Sanjeevan Engineering & Technology Institute - [SETI]

Introduction: Securing a high-paying software job in 2023 requires a combination of technical skills, effective job search strategies, and a strong professional network. In this report, I will share insights and tips on how to successfully crack highpaying software jobs based on my experience as an ex-Microsoft employee.

Enhance Your Technical Skills: a. Stay Current: Keep up-to-date with the latest programming languages. frameworks, and technologies in demand in the industry. b. Build a Strong Foundation: Ensure you have a solid understanding of data structures, algorithms, and problem-solving. C.

Specialize: Consider specializing in a niche area such as machine learning, cloud computing, or cybersecurity to stand out.

Develop a Strong Portfolio: a. Personal Projects: Work on personal coding projects to showcase your skills and passion. b. GitHub: Create a GitHub profile with well-documented projects to demonstrate your coding abilities. c. Open-Source Contributions: Contribute to open-source projects to gain visibility and credibility.

Networking: a. Attend Tech Conferences: Participate in conferences, meetups, and workshops to connect with industry professionals. b. Online Communities: Join tech-related forums, LinkedIn groups, and social media communities to engage with peers and experts. c. Alumni Network: Leverage your university or college alumni network for job referrals and insights.

Prepare for Technical Interviews: a. LeetCode and HackerRank: Practice coding challenges on platforms like LeetCode and HackerRank. b. System Design: Master system design concepts for architecture-related interviews. c. Behavioral Interviews: Prepare for behavioral questions by reflecting on past experiences and achievements.

Build a Strong Resume: a. Tailor Your Resume: Customize your resume for each job application, highlighting relevant skills and experiences. b. Quantify Achievements: Use quantifiable metrics to showcase your accomplishments.

Job Search Strategies: a. Targeted Applications: Apply to companies that align with your career goals and interests. b. Networking: Use your professional network to learn about job openings and receive referrals. c. Online Job Boards: Utilize job search platforms like LinkedIn, indeed, and Glassdoor.

Interview Preparation: a. Mock Interviews: Practice technical and behavioral interviews with friends or mentors. b. Research the Company: Understand the company's culture, products, and recent news. c. Ask Questions: Prepare thoughtful questions to ask the interviewer to demonstrate your interest.

Negotiate Your Salary: a. Research Market Rates: Know the salary range for your role and location. b. Leverage Multiple Offers: If you have multiple offers, use them to negotiate a higher salary.

Conclusion: Securing a high-paying software job in 2023 requires a proactive approach, continuous skill development, and effective networking. By following these strategies, you can increase your chances of cracking high-paying software jobs and advancing your career in the tech industry.

Introduction: On July 7, 2023, Dr. Ashok Maharaj, Flead of XR Labs at TCS (Tata Consultancy Services), conducted an insightful online training session for students at SETI (Space and Engineering Technology Institute). The session focused on "Emerging Spatial Wave Opportunities and Challenges" and aimed to provide students with a deep understanding of the spatial wave technology landscape.

Key Highlights:

Spatial Wave Technology: Dr. Ashok Maharaj began by introducing the concept of spatial wave technology, highlighting its significance in shaping the future of various industries, including aerospace, telecommunications, and healthcare. He explained how spatial waves differ from traditional waves and their potential applications.

XR (Extended Reality): The session explored the XR spectrum, which encompasses Virtual Reality (VR), Augmented Reality (AR), and Mixed Reality (MR). Dr. Maharaj discussed the role of XR technologies in creating immersive and interactive experiences for users.

Real-world Applications: Through case studies and examples, Dr. Maharaj illustrated how spatial wave technologies are being leveraged across different sectors. These applications ranged from training simulations in aerospace to enhancing medical procedures through AR.

Opportunities for Innovation: Students were encouraged to explore the various opportunities for innovation in spatial wave technology. Dr. Maharaj emphasized the importance of interdisciplinary collaboration and creative thinking in this rapidly evolving field.

Challenges and Considerations: The training addressed the challenges associated with spatial wave technology, including hardware limitations, data security, and user acceptance. Dr. Maharaj emphasized the need for ethical considerations in the development and deployment of XR solutions.

Future Trends: The session concluded with a discussion of future trends and the potential impact of spatial wave technology on industries such as education, entertainment, and healthcare. Students gained insights into the evolving landscape and the skills required to stay relevant in this field.

Q&A Session: An interactive Q&A session allowed students to engage with Dr. Maharaj, ask questions, and seek clarification on topics discussed during the training.

Conclusion: Dr. Ashok Maharaj's online training on "Emerging Spatial Wave Opportunities and Challenges" provided SETI students with a comprehensive overview of this transformative technology. The session was enlightening and inspiring, equipping students with knowledge and a forward-thinking mindset that will be instrumental as they navigate the exciting world of spatial wave technology. Subject: Aptitude Training for Final Year Students - GTT 07-08-23

Dear Final Year Students,

We are excited to announce a fantastic opportunity for all final year students - an Aptitude Training session hosted by GTT.

Date: August 7, 2023

This training will help you sharpen your aptitude skills, a crucial aspect of your academic and professional journey. Whether you're planning to pursue higher studies or enter the job market, possessing strong aptitude skills is a significant advantage.

Key Highlights:

Expert guidance from GTT professionals

Comprehensive aptitude test preparation

Proven strategies for effective problem-solving

Time management techniques for assessments

Hands-on practice with mock tests

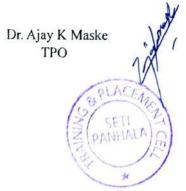

A Q&A session to address your questions

Don't miss this opportunity to boost your confidence and improve your performance in aptitude tests and interviews. Remember, a strong foundation in aptitude will benefit you in a variety of fields.

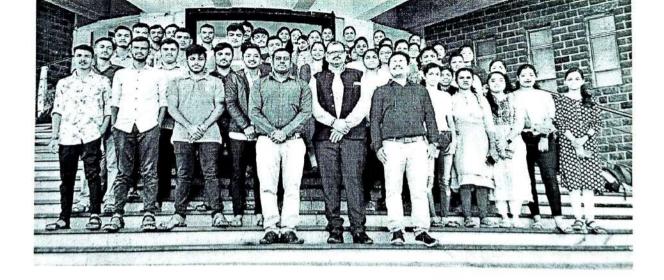

Please mark the date on your calendar and be punctual. Dress comfortably and bring any necessary materials. This training is open to all final year students, regardless of your major.

If you have any questions or need further information, please contact 8855090550

We look forward to seeing you there and supporting you in your journey to success.

Day 2 - August 8, 2023

Verbal Aptitude: The second day, focused on verbal aptitude, including vocabulary, reading comprehension, and grammar, to improve students' language and communication skills.

Mock Tests: Students had the opportunity to take practice aptitude tests to assess their progress and identify areas for improvement.

Day 3 - August 9, 2023

Logical Reasoning: Trainer Pritam Mahamuni guided students through sessions on logical reasoning and analytical thinking, providing them with strategies to tackle complex problems.

Technical Aptitude: For CSE students, technical aptitude sessions were conducted, emphasizing core concepts and problem-solving in computer science.

Day 4 - August 10, 2023

Placement Test Strategies: The program concluded with a focus on strategies for tackling placement tests, including time management, question selection, and stress management.

Certificate Distribution: The training program ended with a certificate distribution ceremony, recognizing the participants' dedication and successful completion.

Feedback and Impact

The Aptitude Training Program, in association with GTT Foundation Pune and Trainer Pritam Mahamuni, received enthusiastic feedback from the participating students. They noted significant improvements in their aptitude skills, particularly in mathematical, verbal, and logical reasoning. The mock tests and technical aptitude sessions were particularly helpful for the CSE students.

Trainer Pritam Mahamuni's expertise and interactive teaching style were highly appreciated, and the program succeeded in equipping students with the skills needed to excel in placement-oriented tests.

Conclusion

The Aptitude Training Program, conducted in collaboration with GTT Foundation Pune and Trainer Pritam Mahamuni, was a valuable initiative that has prepared third-year and final-year CSE students of Sanjeevan Institute, Panhala, for future placement opportunities. We extend our gratitude to all participants and look forward to continued partnerships to enhance students' employability.

Life Skills Training Program Report

In Association with Rubicon Skills Trainer: Tanushree Madam

Sanjeevan Engineering Institute, Panhala Dates: September 12, 2023 - September 15, 2023

Introduction

The Life Skills Training Program, in collaboration with Rubicon Skills and led by Trainer Tanushree Madam, was conducted at Sanjeevan Engineering Institute. Panhala. from September 12, 2023, to September 15, 2023. The program was specially designed for first-year engineering students to equip them with essential life skills necessary for their academic and personal growth.

Program Highlights

Day 1 - September 12, 2023

Orientation: The program began with a warm welcome and orientation session, where students were introduced to the objectives and schedule of the training.

Communication Skills: Tanushree Madam conducted interactive sessions on effective communication, emphasizing the importance of clear and concise expression.

Day 2 - September 13, 2023

Time Management: The second day focused on time management skills, teaching students how to prioritize tasks, set goals, and make the most of their time.

Conflict Resolution: Students participated in discussions and activities on conflict resolution and problem-solving techniques.

Day 3 - September 14, 2023

Stress Management: Tanushree Madam shared strategies to manage stress, cope with academic pressures, and maintain mental well-being.

Financial Literacy: The afternoon session covered financial literacy, including budgeting, saving, and making informed financial decisions.

Day 4 - September 15, 2023

Career Guidance: The final day of the program focused on career guidance, helping students explore career options and set goals for their academic and professional journey.

Closing Ceremony: The program concluded with a certificate distribution ceremony, where participants received certificates of completion.

Feedback and Impact

The Life Skills Training Program received positive feedback from the first-year engineering students of Sanjeevan Engineering Institute. Participants reported increased self-confidence, improved communication skills, and enhanced time management abilities. They found the stress management and conflict resolution sessions particularly valuable in adapting to their new academic environment.

Tanushree Madam's expertise and engaging teaching style were highly appreciated by both students and college faculty. The program has undoubtedly equipped the first-year students with crucial life skills that will benefit them not only during their academic journey but also in their future careers.

Life Skills Training Program Report

In Association with Rubicon Skills Trainer: Yogesh Rahane

Sanjeevan Engineering Institute, Panhala Dates: September 12, 2023 - September 15, 2023

Introduction

The Life Skills Training Program, in collaboration with Rubicon Skills and led by Trainer Yogesh Rahane, was conducted at Sanjeevan Engineering Institute, Panhala, from August 12, 2023, to September 15, 2023. The program was specifically designed for second-year students of Electrical and Civil Engineering to equip them with essential life skills and provide hands-on experience through field activities.

Program Highlights

Day 1 - September 12, 2023

Orientation: The program began with an orientation session where students were introduced to the objectives and schedule of the training, emphasizing the unique blend of classroom and field activities.

Communication Skills: Yogesh Rahane conducted interactive sessions on effective communication, highlighting its importance in both personal and professional life.

Day 2 - September 13, 2023

Time Management: The second day focused on time management skills, helping students learn how to balance their academic and personal commitments effectively.

Field Activity - Site Visit: Students were taken on a site visit to apply their time management skills in a real-world scenario, observing electrical and civil engineering projects.

Day 3 - September 14, 2023

Stress Management: Yogesh Rahane shared strategies to manage stress, especially in the demanding fields of Electrical and Civil Engineering.

Conflict Resolution: Classroom discussions and activities centered on conflict resolution and effective problem-solving techniques.

Day 4 - September 15, 2023

Field Activity - Practical Application: The program concluded with another field activity, allowing students to apply the skills they had learned in a hands-on manner at the construction site.

Closing Ceremony: The program concluded with a certificate distribution ceremony, where participants received certificates recognizing their successful completion of the program.

Feedback and Impact

The Life Skills Training Program with a focus on field activities received enthusiastic feedback from the second-year students of Electrical and Civil Engineering at Sanjeevan Engineering Institute. Participants appreciated the unique combination of classroom learning and real-world exposure, which enhanced their understanding of life skills in practical settings.

Yogesh Rahane's expertise, both in the classroom and during field activities, was highly appreciated by students and faculty alike. The program successfully equipped students with crucial life skills while providing them with valuable experiences in their respective fields.

Conclusion

The Life Skills Training Program, conducted in collaboration with Rubicon Skills and Trainer Yogesh Rahane, was a highly impactful initiative. It not only provided students with essential life skills but also allowed them to apply these skills in real-world scenarios through field activities. We extend our gratitude to all participants and look forward to future collaborations that enrich the educational experience of our students.

Life Skills Training Program Report

In Association with Rubicon Skills Trainer: Shankri Vaidya, Mumbai

Sanjeevan Engineering Institute, Panhala Dates: September 12, 2023 - September 15, 2023

Introduction

The Life Skills Training Program, in collaboration with Rubicon Skills and led by Trainer Shankri Madam from Mumbai, was conducted at Sanjeevan Engineering Institute, Panhala, from September 12, 2023, to September 15, 2023. This unique program was tailored to benefit second-year students of Mechanical Engineering and first-year students of all engineering disciplines, combining classroom training with hands-on field activities.

Program Highlights

Day 1 - September 12, 2023

Orientation: The program began with an orientation session where students were introduced to the objectives and the innovative blend of classroom and field training.

Communication Skills: Shankri Madam led interactive sessions on effective communication, emphasizing its significance in both academic and professional contexts.

Day 2 - September 13, 2023

Time Management: The second day was dedicated to time management skills, helping students strike a balance between their academic and personal commitments.

Field Activity - Mechanical Workshop: Students embarked on a field visit to a mechanical workshop, applying their time management skills and gaining hands-on experience in Mechanical Engineering.

Day 3 - September14, 2023

Stress Management: Shankri Madam conducted sessions on stress management, addressing the unique challenges students in engineering disciplines may face.

Conflict Resolution: Classroom discussions and practical exercises centered on conflict resolution and effective problem-solving techniques.

Day 4 - September 15, 2023

Field Activity - Engineering Site Visit: The program concluded with another field activity, where students visited an engineering construction site, applying the life skills they had acquired throughout the program.

Closing Ceremony: The program ended with a certificate distribution ceremony, where participants received certificates acknowledging their successful completion of the program.

Feedback and Impact

The Life Skills Training Program with its immersive approach received overwhelmingly positive feedback from second-year Mechanical Engineering students and first-year engineering students at Sanjeevan Engineering Institute. Participants lauded the combination of classroom learning and real-world exposure, which significantly enhanced their grasp of life skills within their engineering context.

Shankri Madam's expertise, both in classroom instruction and during field activities, was highly valued by students and faculty. The program successfully equipped students with essential life skills while allowing them to apply these skills in real-world engineering settings.

Conclusion

The Life Skills Training Program, conducted in partnership with Rubicon Skills and Trainer Shankri Madam, was a resounding success. It not only imparted essential life skills but also provided students with invaluable practical experiences in their respective fields of study. We extend our gratitude to all participants and eagerly anticipate future collaborations that enrich the educational journey of our students.

Report – Soft/Life Skills Training Workshop-2022 A Report

On

One Week Workshop on "Soft/Life Skills Training Workshop-2022"

In Association with Rubicon, Pune

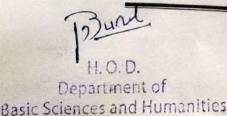

1. Title of Workshop :	Soft /Life Skills Training Workshop-2022
2. Date of Workshop:	5 th to 9 th December 2022 (From 9:30 am to 4:15 pm)
3. Kind of Activity:	Hands on Soft/ Life Skills Training
4. Organized By :	T&P Cell of BS&H Engineering Department in Collaboration with Central T&P Cell
5. Collaborating Agency :	Rubicon Foundation, Pune

6. Resource Person /Trainer : Mr. Amrut Kulkarni & Mr. Abdul Peerzade

7. Objectives of the Workshop:

Life skills go hand in hand with development and can assist students to succeed later in life. Life skills are recognized as those essential skills that bring together the social, emotional, and cognitive capacities of a person to solve problems and achieve goals. Life skills training equip students with the social and interpersonal skills that enable them to cope with the demands of everyday life. The objectives of this training are to build self-confidence, encourage critical thinking, foster independence and help students to communicate more effectively. It helps participants/studnets become more assertive, communicate effectively with others by developing good listening skills and learn to handle stress and deal with disappointments and setbacks. Such training sessions help students to explore their beliefs and attitudes through group discussions and confidence building techniques such as positive visualization. They encourage students to play to their strengths by engaging in creative activities and following a healthy lifestyle. After completing this workshop students will be able to:

- Learn how to deal with failure
- Improve their study skills
