SANJEEVAN

ENGINEERING & TECHNOLOGY INSTITUTE, PANHALA

**ONE WEEK
FACULTY DEVELOPMENT PROGRAM
ON**

PLC & SCADA

18th & 22nd March, 2024

Organized by
Department of Electrical Engineering

Under
**SANJEEVAN ENGINEERING & TECHNOLOGY INSTITUTE,
PANHALA.**

About SETI :

Sanjeevan Engineering & Technology Institute is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to Dr. Babasaheb Ambedkar Technological University Lonere (DTU). Sanjeevan Engineering & Technology Institute (SETI) is long cherished dream of Founder Chairman Mr. P. R. BHOSALE, an educationalist having experience about two decades. His aim is to impart quality education to the students from rich and corner of the country. No doubt, Sanjeevan Engineers will be the best professionals who will adorn the nation's Heritage.

Vision :

- To be institution of the 21st century imparting quality education & training to the students & employ the professionals with the skill.

Mission :

- To practice innovative & creative ideas in the field of technology.
- To ensure the satisfaction of the students & staff.
- To develop the performance of the students & staff.
- To provide the latest & up-to-date information to the students & staff.
- To provide the latest & up-to-date information to the students & staff.

Chief Patron :

Mr. P. R. Bhosale

Chairman, Sanjeevan Group of Institutions, Panhala.

To,

Mr. Ashutosh Mahesh Sonawane,
Automation Engineer,
The World of Automation,
Pune - 411033.

Dear Sir,

We would like to extend our warm thanks to you for delivering
One Week Faculty Development Program (FDP) on **"PLC & SCADA"**.

The information presented by you is beneficial to Faculty of
Electrical Engineering department for their future enrichment.

We genuinely thank you once again for the support and time
given by you and we sincerely hope that you would continue to
extend your valuable support in our future initiatives as well.

Thanking You,

Yours Faithfully,

H.O.D.

Sanjeevan Engineering & Technology Institute, Panhala
Department of Electrical Engineering
"One week Faculty Development Program on PLC & SCADA"
by
Mr. Ashutosh Sonawane.

Title of Program : "One week Faculty Development Program on PLC & SCADA"
Date & Time : 18 March 2024 to 22 March 2024
Resource Person : Mr. Ashutosh Sonawane & Mr. Dinesh Dhumal.
Targeted Audience : Faculties of Electrical & Electronics Department.

Programme details:

Electrical Engineering department organized a "One week Faculty Development Program on PLC & SCADA" on 18 March 2024 to 22 March 2024 at Sanjeevan Engineering & Technology Institute, Panhala.

The chief guest and Resource person for the course was **Mr. Ashutosh Sonawane**. For this one week FDP 20 Faculties from Electrical engineering & Electronics Engineering from different colleges were present.

Our Resource person **Mr. Ashutosh Sonawane** covered all the basics concepts regarding PLC & SCADA along with hands-on practice sessions. Faculties of all departments learned and enjoyed one week FDP enthusiastically. This one week FDP will be useful for faculties in their further career development.

The vote of thanks expressed by Mr. Jadhav N.S.

FACULTY DEVELOPMENT PROGRAMME

Title of proposal: Faculty Development program of **Advanced Physics in Engineering**.

Abstract:

This FDP will give a path for developing research skills & better understanding of recent research. Enlighten with the most widely used advanced technologies in Physics.

Specific objective:

- To empower the faculty members with the innovative ideas to create tool, systems & methods to achieve specific goals by use of knowledge of science.
- To develop the knowledge of thin films & its wide range of applications for engineering.
- To explore possible solutions to energy crisis using magnetic materials.
- To explore applications of Nano materials to reduce air pollution & generate electrical powers.
- To explore applications of Nanomagnetism in various engineering domain

Expected outcome:

- Enhance the levels of thinking to apply scientific knowledge for making tasks easier & more efficient. This will help to enhance problem analysis skills. (PO-1, PO-2)
- Enlighten with the concepts of Physics which are most widely used in advanced engineering and technologies. This will help in research activities. (PO-1, PO-2, PO-3)
- Gain better understanding of recent development & research. (PO-1)

Faculty Development program
On
Advanced Physics in Engineering

Day 1 (11th March, 2024)

Inaugural session

The course is intended to make the participants aware & able to on this emerging area. Around 68 participants attended this program to gain the knowledge. The program commenced on 11th march, 2024 on Google Meet app with introductory and motivational speech from following dignitaries:

1. Mr. S. P. Nangre. (HOD of BSH, SETI)
2. Dr. S. G. Sapate. (Vice-Principal, SETI)
3. Dr. S. N. Jain. (Principal, SETI)

Ms. Afsana Sayyad, Assistant Professor & coordinator of FDP, welcomed all & threw light on the main vision of FDP in her introductory speech. Mr. S. P. Nangre, HOD of Basic Science & Humanities, introduced about FDP. Dr. S. G. Sapate, Vice-Principal, encouraged the participants to utilize the opportunity to its maximum. Dr. S. N. Jain, Principal, congratulated and motivated the organizers for conducting FDP. Principal Dr. S. N. Jain highlighted the achievements institute. He also said that it is the best way to enhance the professional development.

Session I (11:20am to 1:00pm)

In this session, lecture was taken by the Dr. R. S. Patil delivered the talk on **Foundation of Science & Technology - Quest for Truth**. He explained that science is essentially knowledge it is concerned with human understanding of real world around with various examples. He concluded Science & technology have reduced the complexities and improved our living standards. The main issue lies in using these technologies in a negative way which may lead to destruction of the world. The best use of it will surely be a blessing for human race and development.

Session II (3:00pm to 5:00pm)

In this the speaker was Dr. B. R. Sankapal delivered the lecture on the Nano embedded thin films: Synthesis to application. He developed the knowledge of thin films & its wide range of applications for engineering. He presented various method of synthesis of thin film in his presentation. He enlightened the participants with his great research work.

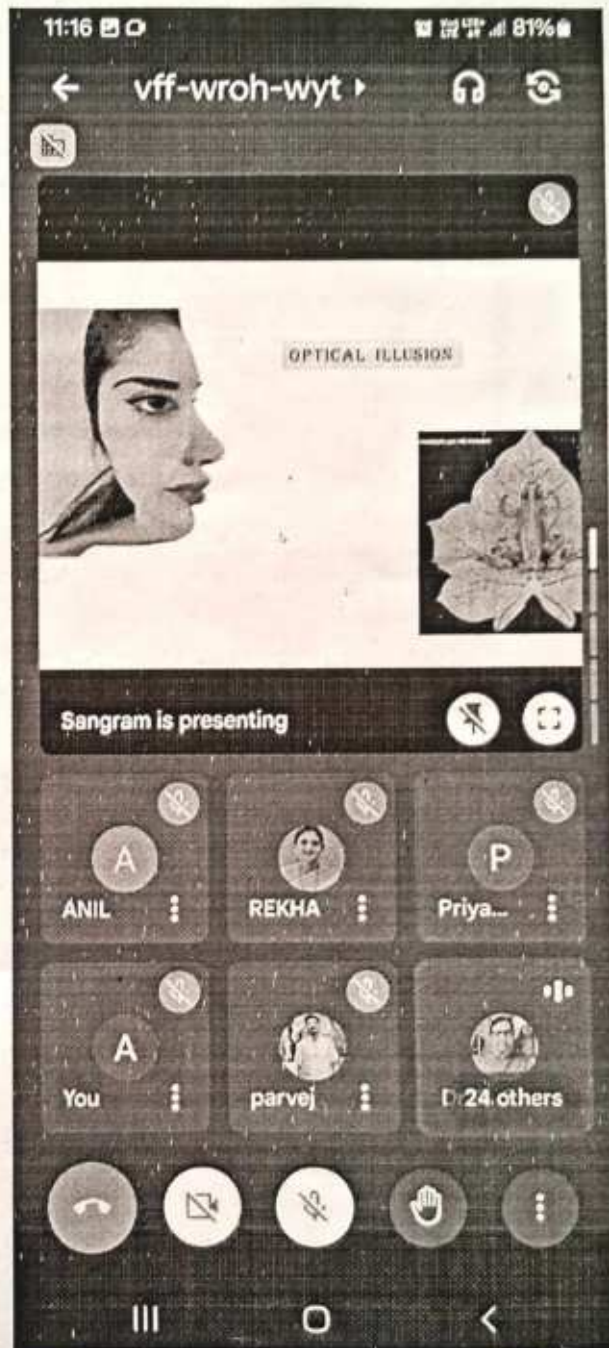

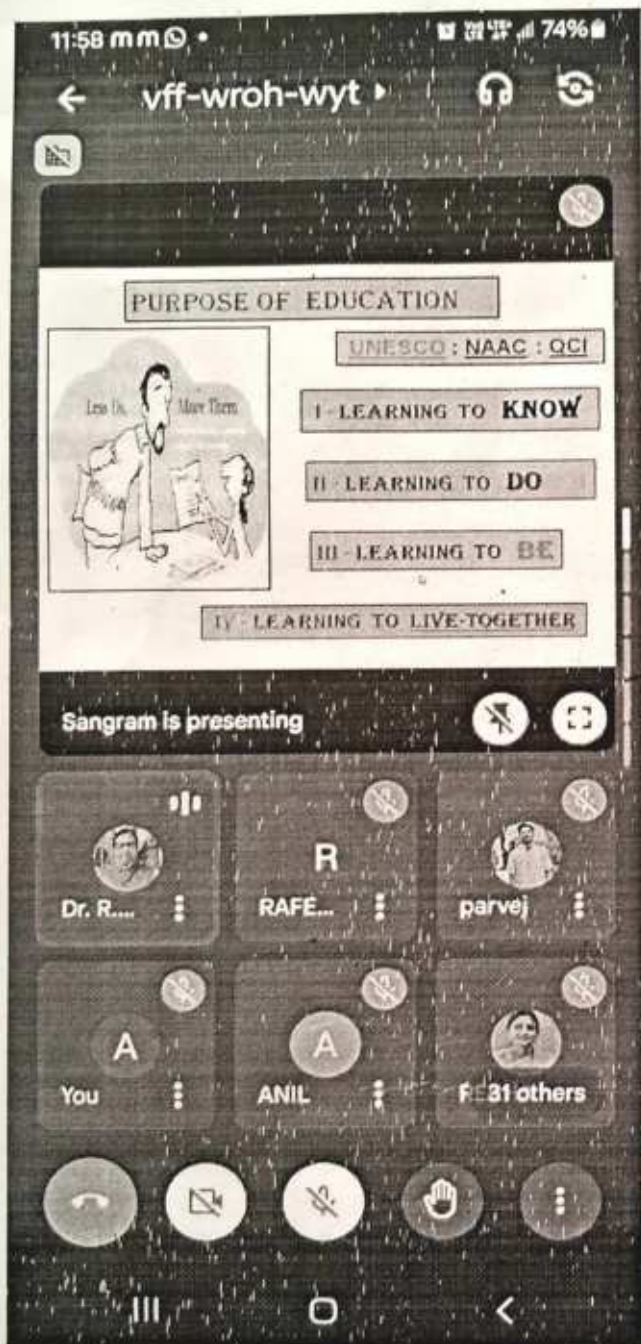

Head of Department
Basic Science & Mathematics (Degree)

Day 2 (12th March, 2024)

On 2nd day the session was taken by Dr. R. S. Patil on **Science of learning & quality Education-core premise**. He explained the purpose of education, science learning by showing interesting videos of optical illusion. Also he showed slide of automated Machine, humanoid (SOFIA-2016), Gemonoid (Twin) in his presentation. He gave some task to all participants in the form of puzzles, optical illusion.
