## Report on Poster Presentation Competition PARIKRAMAA 2K25

**Event Name:** "National Level Poster Presentation Competition"

**Organized by:** Department of Basic Sciences and Humanities

**Date:** 03<sup>rd</sup> April, 2025.

**Venue:** At Corridor of BSH

**Submitted by:** Dr.Rahul P.Mane

### Introduction:

Poster presentation competition held at Sanjeevan Group of Institutions Panhala was an electrifying event showcasing the talent and enthusiasm of our newly admitted F.Y. B. Tech. students. This event organized by the Department of Basic Sciences and Humanities with the contest aimed to provide a platform for freshmen to exhibit their skills. This event not only encouraged student to articulate their ideas effectively but also stimulated intellectual discussion among peers and faculty. By bridging theory and practical application, the competition reinforced the importance of research and communication in technical education.

Poster presentation competitions are an integral part of academic environments, particularly in engineering colleges, where they serve as platforms for students to showcase their research, innovative ideas, and projects. These competitions provide students with opportunities to enhance their communication skills, network with peers and professionals, and gain recognition for their work. This report outlines the significance, objectives, organization, and outcomes of a recent poster presentation competition held in Sanjeevan Group of Institutions Panhala.

**Significance:** Poster presentation competitions play a crucial role in fostering a culture of innovation and research among engineering students. They encourage students to investigate deeper into their areas of interest, conduct research, develop prototypes, and present their findings in a concise and visually appealing format. These competitions also promote interdisciplinary collaboration, as students from various engineering disciplines come together to share ideas and knowledge.

The posters were evaluated based on criteria such as content clarity, visual appeal, technical depth, novelty of ideas, and oral presentation skills. The judging panel comprised faculty members, industry professionals, and experts from relevant fields who provided valuable feedback to the participants.

### Outcomes:

The poster presentation competition witnessed enthusiastic participation from students across various engineering disciplines. The event provided a platform for students to showcase a wide range of innovative projects and research findings, spanning areas such as renewable energy, artificial intelligence, robotics, sustainable infrastructure, and more.

Participants demonstrated excellent communication skills and technical knowledge while presenting their posters to the judges and attendees. The competition also facilitated meaningful interactions and networking opportunities among students, faculty, and industry professionals, paving the way for potential collaborations and partnerships.

Several outstanding projects were recognized and awarded prizes based on their merit and impact. The competition not only celebrated student achievements but also inspired others to pursue research and innovation in their respective fields.

### Conclusion:

The poster presentation competition in the Sanjeevan Group of Institutions engineering college proved to be a resounding success, fulfilling its objectives of fostering innovation, promoting communication skills, and facilitating collaboration among students. Such events play a vital role in nurturing a culture of research and innovation, ultimately contributing to the academic and professional development of engineering students. It is imperative to continue organizing such competitions.
