Entrepreneurial skills can encompass a broad range of various skill sets like technical skills, leadership and business management skills and creative thinking. Because entrepreneurial skills can be applied to many different job roles and industries, developing your entrepreneurial skills can mean developing several types of skill sets. For instance, to be a successful business owner, you may need to develop your business management skills. To build and maintain successful project teams you might need to improve your leadership and communication skills. Entrepreneurial skills can encompass a large range of both soft and hard skills. Because of the many business roles entrepreneurs may take on, they may also develop a variety of different skill sets to accommodate the growth of their businesses and brands.

Entrepreneurship as a career alternative is becoming more and more popular across age, gender, and ethnic origin. Being an entrepreneur is not limited to certain personality types or stereotypes; there is possibly an entrepreneurial spirit in all of us. As the global economy grows and changes, there are more and more opportunities for individuals to become entrepreneurs and adopt careers that fit their lifestyles. Entrepreneurship is a vital part of any national economy.

**After completing this workshop students will be able to:**
