"Industrial Visit at Walstar Technology Kolhapur"

On May 18, 2024, the Computer Science and Engineering students had the opportunity to visit Walstar Technology, a leading IT company based in Kolhapur. The visit was aimed at bridging the gap between academic learning and real-world IT practices. Walstar Technology specializes in software development, IT consulting, and providing technological solutions for various industries. With a strong focus on innovation and client satisfaction, Walstar has made significant contributions to the IT sector both locally and internationally. The objective of the visit is to observe the working environment and culture of a professional IT company, interact with industry professionals and gain insights into career opportunities.

The visit began with a warm welcome from the HR. The Manager provided an overview and key points of Walstar Technology and Team leaders presents its Software development life cycle, mission, and key projects. An interactive session allowed students to ask questions about career paths, skill development, and the challenges faced by IT professionals.

The vote of thanks is given by Prof. R.S.Nejkar HOD of CSE dept.SETI.

The visit not only motivated the students but also provided them with a clear perspective on their career.
